Notes:

1. "Freshmen" includes all **first-time**, *full-time and part-time, degree-seeking undergraduate students*

2. First-time student is "A student attending any postsecondary institution for the first time at the undergraduate level." It means that the student is first time in postsecondary education (or the student is not known to have attended another postsecondary institution). There are two exceptions: (1) students who attended any institution in the summer prior to entering UNE in the fall term are counted as "first-time," as are (2) students who entered with advanced standing (college credits earned before graduation from high school).
