

ANNUAL REPORT *of* PHILANTHROPY

This is the time of year to reflect on all that we have and to appreciate the wonderful UNE community that includes alumni, students, parents, faculty, corporations and foundations that have generously supported us through the years, and Fiscal Year 2009–2010 was no exception.

In spite of an economy that continues to be challenging, more than 2,480 donors contributed \$3,314,945. The UNE Annual Fund, which supports all areas of the University, raised \$690,000, a four percent increase from last year thanks to the generosity of alumni, parents, friends and community members.

We are also grateful to our friends in the Heritage Society – which has grown to more than 200 members – who have established planned gifts to support the work of dedicated faculty and talented students. Their legacy will forever be connected with UNE’s success.

I would like to thank the following individuals and organizations in particular for their leadership gifts and grants this year: the New Hampshire Endowment for Health for their \$150,000 gift on behalf of clinical planning and student recruitment for the College of Dental Medicine, Unum for their \$250,000 gift to build a Special Care Clinic within the College of Dental Medicine clinical facility; the estate of Dr. Francis Wetmore for the Wetmore Endowment of \$152,000 to support UNE’s library; Peter and Raquel Boehmer for their gift of \$500,000; and the Davis Educational Foundation for their \$100,000 grant to integrate effective writing instruction into the undergraduate core curriculum.

Thank you so much for your generosity and for helping to foster an educational environment of excellence and innovation in health professions and the arts and sciences.

A handwritten signature in black ink, reading "Danielle Ripich".

Danielle N. Ripich, Ph.D.
President

It is with great appreciation that the University of New England acknowledges the many alumni, parents, faculty, staff, corporations, foundations and friends who help support a strong tradition of quality education for our students. Your continued philanthropy will help assure that the University of New England remains a national leader in higher education.

The 2009–2010 Annual Report of Philanthropy reflects gifts received June 1, 2009 through May 31, 2010. If you have made a gift after May 31, 2010 it will appear in the 2010–2011 report to be published in the fall/winter of 2011.

Heritage Society

The Heritage Society recognizes visionary individuals who, through a planned gift to the University, help ensure that years from now promising students continue to have access to UNE regardless of financial status, that UNE can attract and retain the finest faculty, and that UNE can sustain and expand its tradition of curricular innovation and entrepreneurial spirit.

Jane's Trust donates x-ray machine to Marine Science Center

"Being given the opportunity to work on the functional abilities of a harbor porpoise and apply clinical knowledge across the species spectrum is the ultimate interdisciplinary experience. It has allowed the physical therapy department at UNE to work in collaboration with the Marine Science Center and was a valuable way for students to work together to manage a uniquely challenging, but extremely rewarding case study. Plus it was just neat to meet and become close with a sea creature who you can help!"

Brenda Connell

2009–2010 Deborah Morton Society Scholarship Recipient

Brenda Connell '10

The Deborah Morton Endowed Scholarship was established in 1974 through donations collected by members of the Deborah Morton Society. Deborah Morton was a Westbrook Seminary Alumna of the Class of 1875 and a gifted educator and civic leader. Morton served on the faculty and administration of Westbrook Seminary for over 50 years. While the scholarship is endowed, the Deborah Morton Society – a group of Maine women who have received the University of New England's Deborah Morton Award – raise money in support of expanding the fund's corpus each year. The scholarship is awarded with preference given to a Maine resident and Portland Campus student who demonstrates outstanding qualities of character and leadership.

"It is with the deepest gratitude and honor for me to have been given this scholarship to help me continue in my studies in the nursing program here at UNE. I thank the scholarship committee and also those responsible for my nomination from the bottom of my heart."

– Brenda Connell '10, Nursing

Heritage Society Members

Many alumni and friends of the University have expressed their unsurpassed loyalty by including the University in their estate and financial plans. Over the last 30 years, since Westbrook College founded the Heritage Society back in the early 1980s, and St. Francis and College of Osteopathic Medicine graduates did the same for their alma mater, planned gifts have provided invaluable support for the institution in a myriad of ways. The legacy planned gifts created are truly inspiring and the impact on the institution and students is amazing.

At left, members of the Heritage Society celebrate at the annual President's Gala: Thomas Benenti, DMD '69 and Victoria Benenti; Alice M. Savage '55, MD, Ph.D.; Brian Brock, DO and Ladema Brock; Chester C. Suske, DO; Marilyn A. Lalumiere '62; Wilma Parker Redman '41, HON '92, '02; Jean T. Wilkinson; Raquel Boehmer; Eleanor Manning Morrell '49; Myron Hager, HA '81; Betsey DeBrakeleer and Richard LaRue, Ph.D.

Grace Perry RN 2010

Grace Perry, RN '10, worked daily in Ghana with a two-year old burn victim. After days of tears and dressing changes the health care providers, including Perry, received "a smile we will never forget for the rest of our lives."

Sponsored Programs at UNE

The Report of Philanthropy traditionally includes gifts and grants for unrestricted use or to support specific objectives, such as capital projects, endowed funds or scholarships, etc. But these are not the only external funds that come to the University. Faculty members also receive grants and contracts from federal, state, foundation, and private sources to support research activities, scholarly studies, or training programs. Applications are typically submitted in response to a competitive program announcement or a Request for Application (RFA). These grants usually involve activities or outcomes with accounting and reporting requirements that necessitate ongoing administration, and are therefore not considered gifts.

Most universities with significant research volume have an Office of Sponsored Programs, or OSP, to manage the submission, reporting and proper oversight of these grants. Because of UNE's increase in sponsored activity, an OSP was created at UNE in 2005. The mission of the Office of Sponsored Program is to facilitate the University's goal of becoming a significant research institution by providing faculty with the highest quality research support services, while also protecting the University's interests by reviewing all proposals to external funding agencies, and by initiating and implementing research related policies and procedures, providing training and outreach, and serving as a liaison between the University and its sponsors. The OSP also oversees research compliance at UNE, and administers its Institutional Review Board (IRB) and Institutional Animal Care and Use Committee (IACUC).

Under the overall direction of Timothy Ford, Vice President of Research and Dean of Graduate Studies, the Office of Sponsored Programs and its staff is directed by Nicholas Gere, M.B.A., Director of Research Administration. OSP has made it possible for faculty to greatly increase grant funded activity. In the last year alone, over \$8 million in grants have been accepted, as noted below by college and funding agency, including \$1.5 million toward completion of the biomedical research labs on the Biddeford Campus from the Maine Technology Institute.

Office of Sponsored Programs

Nicholas Gere | (207) 602-2011
Director of Research Administration

Peter Herrick | (207) 602-2258
Assistant Director of Sponsored Programs

Jennifer Hutchinson | (207) 602-2244
Research Compliance Specialist

Jenna Davis | (207) 602-2855
Administrative Assistant

Sponsored Programs Funded Grants 2009–2010 Total Awarded: \$8,369,574

(Awarded in Fiscal Year, Total Year Awarded Amount)

College of Arts and Sciences CAS Total Awarded: \$1,529,145.00
