Trailblazer Pre-Orientation

You are about to embark on one of the greatest journeys of your life, and we are excited to start that process with you at UNE's New Student Orientation! You are bound to have questions big and small, and we are here to help. The Orientation process is designed to familiarize you with campus resources, programs and services and provide you with opportunities to build relationships with other students, faculty and staff. It will also prepare you for your academic coursework so you feel prepared to start your first semester at the University of New England. Transitioning to college life can be exhilarating and challenging at the very same time.

Start yourself off on the best foot possible by signing up for a Trailblazer pre-orientation trip. Through these programs you will meet friends, faculty and staff in a smaller group setting well before Orientation sessions begin. We offer a variety of programs for all interests, detailed in this brochure. Make your journey here at UNE the best it can be by signing up today!
