Credits: 1 Contact Hour – knowledge based
0837-9999-15-080-L01-P/T

Presenter: Wesley Zemrak, PharmD, BCPS
Clinical Pharmacy Specialist, Anticoagulation
Maine Medical Center

Learning Objectives:
After attending this program participants will be able to:
1. Identify and describe pharmacologic characteristics of direct-acting oral anticoagulant (DOAC) reversal agents
2. Analyze the clinical literature supporting the use of DOAC reversal agents
3. Given a patient case, provide evidence-based recommendations for acute reversal of DOACs
4. Identify the current indications for DOAC therapy
5. Identify the unmet need for DOAC reversal

Requirements for Receiving CE Credit:
- Successful completion of post-presentation questions
- Participation at live program
- Complete program evaluation form

Statement of Disclosure: Disclosure will be made on the day of the program regarding any interest or affiliation a speaker may have with a supporting organization
