Credits: 1 Contact Hour –knowledge based
0837-9999-16-071-L01-P/T

Presenter: Kristen Bruell, PharmD
PGY1 Pharmacy Practice Resident
Maine Medical Center

Learning Objectives:
After attending this program participants will be able to:
1. Describe “alert fatigue” in the context of medication alerts in an electronic medical record
2. Describe the impact that alert fatigue can have on providers and pharmacists
3. Identify four components of an alert design and how they can influence the viewer’s response
4. Compare the risks and benefits of decreasing the volume of medication alerts
5. Explore strategies that can be used to optimize medication alerts in a healthcare system

Requirements for Receiving CE Credit:
- Successful completion of post-presentation questions
- Participation at live program
- Complete program evaluation form

Statement of Disclosure: Disclosure will be made on the day of the program regarding any interest or affiliation a speaker may have with a supporting organization
