Maine Medical Center  
Grand Rounds

Title: Thrombolytics in Cardiac Arrest: PE…or not PE? That is the question

Schedule: March 1, 2016  
Dana Center, Classroom #9  
2:00-3:00 pm

Audience: Accredited for Pharmacists and Technicians  
Other interested health care professionals welcomed

Credits: 1 Contact Hour - knowledge based  
0837-9999-16-021-L01-P/T

Presenter: Francis Manuel, PharmD  
PGY1 Pharmacy Practice  
Maine Medical Center

Learning Objectives:
After attending this program participants will be able to:
1. Given a patient case, identify pertinent clinical and laboratory findings indicative of pulmonary embolism (PE) and determine the clinical utility of thrombolytics
2. Compare and contrast the thrombolytics used for PE
3. Analyze the evidence that supports the use of thrombolytics for cardiac arrest due to known or presumed PE
4. List 2-3 methods recommended by the ISMP to alleviate medication safety concerns related to the use of thrombolytics

Requirements for Receiving CE Credit:
- Successful completion of post-presentation questions
- Participation at live program
- Complete program evaluation form

Statement of Disclosure: Disclosure will be made on the day of the program regarding any interest or affiliation a speaker may have with a supporting organization
