

CSE (CBE) Citation Guide

This guide is based on *Scientific Style and Format: The CSE Manual for Authors, Editors, and Publishers*, 7th edition (2006). The developers of this citation style, Council of Science Editors (CSE), were formerly known as the Council of Biology Editors (CBE). Examples are provided in Name-Year format. **Bibliography** items are listed alphabetically at the end of the research paper. These items are referred to in the body of the paper using the **In-Text** style. If none of these examples seem appropriate, consult the [CSE Manual](#) available in the Reference collections of both UNE Library Services locations (REF [WZ 345 S41646 2006](#)).
