GRADUATION CEREMONY

COLLEGE OF ARTS AND SCIENCES  
CLASS OF 2026  
GRADUATION CEREMONY

Friday, May 15, 2026  
5 p.m.

Cross Insurance Arena | Portland, Maine

---

## ABOUT THE UNIVERSITY OF NEW ENGLAND

The University of New England is Maine's largest independent university, with two beautiful coastal campuses in Maine, a one-of-a-kind study-abroad campus in Tangier, Morocco, and an array of flexible online offerings. In an uncommonly welcoming and supportive community, we offer hands-on learning, empowering students to make a positive impact in a world full of challenges. We are the state's top provider of health professionals and home to Maine's only medical and dental colleges, a variety of other interprofessionally aligned health care programs, and nationally recognized programs in the marine sciences, the natural and social sciences, business, the humanities, and the arts. Visit [www.une.edu](http://www.une.edu).

## COLLEGE OF ARTS AND SCIENCES

The UNE College of Arts and Sciences offers a broad spectrum of academic programs in the tradition of a liberal arts education. Each of our majors promotes knowledge and understanding of the world and provides perspectives on issues from multiple viewpoints. Students actively explore both the natural and social worlds through a broad-based mode of inquiry that fosters empathy and understanding. This pursuit of knowledge and caring for the world is at the center of the mission of the College of Arts and Sciences and prepares graduates for a rewarding, productive life, as well as for career or graduate school success.

The excellence of our faculty, combined with our unique location on the southern Maine coast, provides the setting for a compelling learning environment. Across our undergraduate degree programs and in select graduate programs, we pride ourselves on high-quality teaching in classes that provide opportunities for frequent, personal student-faculty interactions. We also believe deeply in research, creative expression, internships, and study abroad, as these experiences embody the ideal of a college education.

UNE College of Arts and Sciences students graduate as intellectually engaged, globally aware, creative, and civically and environmentally responsible individuals who apply their education as a gateway to unyielding inquiry, professional achievement, and lifelong learning.

---

## THE POMP BEHIND THE CIRCUMSTANCE

### *Academic Regalia*

#### THE GOWN

The history of the academic gown goes back to the 12th century. During this period, everyone – both men and women, royalty, lay folk, clerics, tradesmen, students – wore long flowing robes. The apparel varied in elegance according to the rank and wealth of the owner, from simple rough worsteds to rich gold brocades wrought with tassels and trimmed with colorful velvet and rich furs. It was in this period that the first organized bodies of learning were formed. From the gowns worn in the “universities” of the period have evolved the academic costumes of today.

The bachelor’s gown is a simple design falling straight from a rather elaborate yoke with long pointed sleeves. The gown worn by a master has long, closed, somewhat fuller sleeves, which reach nearly to the wearer’s knees. The arms go through slits at the elbow, giving the appearance of short sleeves. The doctoral gown is cut much fuller and has large bell-shaped sleeves. The gowns are usually, but not always, black, and those of bachelors and masters are generally devoid of ornamentation. The doctoral gowns are distinguished by the five-inch velvet panel around the neck and down both sides of the front as well as by three-inch velvet bars sewn on each sleeve.

The color of the velvet trim may be black or may indicate the nature of the degree. For example, the color designating a Doctor of Philosophy is dark blue; a Doctor of Medicine, green; a Doctor of Education, light blue; a Doctor of Science, golden yellow; a Doctor of Humanities, white; a Doctor of Law, purple.

#### THE HOOD

The hood seems to have had a somewhat practical origin. Medieval monks used their hoods for two purposes: to protect their shaved heads in the winter and as a container in which to collect alms.

Today, the hood serves as the most symbolic part of the academic regalia by which the observer can ascertain the wearer’s level and kind of degree. At three feet long, the bachelor’s hood is the smallest. The velvet trim along the edges, indicating the nature of the degree, is two inches wide. The master’s hood is six inches longer and bears a three-inch velvet trim.

The doctoral hood is a full four feet long and exhibits a five-inch velvet trim, indicating the nature of the degree.

The colorful interior of the hood, visible from behind, indicates by hue the degree-granting institution. The University of New England’s colors are blue and gray.

---

#### THE CORDS AND STOLES

The cord in graduation ceremonies is used to signify a special designation or membership in an honor society. The origin of the cord is from the Catholic and Anglican churches, where cords were used to distinguish between the varying levels of clergy members.

#### Academic Honors

Undergraduate students graduating with academic honors will be recognized for their academic excellence by cords of different colors draped around their necks: summa cum laude (gold), magna cum laude (blue), cum laude (silver).

#### College of Arts and Sciences Undergraduate Honors Program

The CAS Honors Program provides high-performing students with firsthand exposure to scholarship and research. Students apply to the program and then complete and publicly defend a research-based honors thesis. They will be recognized by a solid red cord.

#### Military Service Honors

The University is proud to recognize students serving or who have served in the various military branches of the United States of America. Graduating students currently serving in the U.S. military and veterans will be recognized by a red, white, and blue cord.

#### Academic Honor Societies

Alpha Chi (National Honor Society), white stole with blue and green Greek letters; Chi Alpha Sigma (National College Athlete Honor Society), black/gold cord with tassels; Phi Alpha Theta (History), red/blue cord with mixed tassels; Psi Chi (Psychology), insignia pin, platinum/dark blue cord with mixed tassels.

#### Global Education

The Office of Global Education recognizes students who have studied abroad as part of a UNE program for one semester or more with a stole that is reflective of the flag of the country in which the student studied.

#### ISE Student Leaders

The Office of Intercultural Student Engagement honors student leaders who have worked to advance knowledge of cultural diversity and social justice. These students have served as officers of an organization in the Cultural Council or a University committee and will be recognized by a distinctive kente stole.

---

## FACULTY AND STAFF

**Wesley B. Renfro**, Ph.D., *Dean, College of Arts and Sciences*

**A. Christine Brown**, Ph.D., *Associate Dean, College of Arts and Sciences*

**Amy Keirstead**, Ph.D., *Associate Dean, College of Arts and Sciences*

**Kevin Orsini**, M.S., *Director of Finance and Administration*

### FACULTY

**Ali Ahmida**, Ph.D.

**Robert Alegre**, Ph.D.

**Arthur Anderson**, Ph.D.

**Matthew Anderson**, Ph.D.

**Michael Arciero**, Ph.D.

**Nicholas Arnista**, Ph.D.

**Matthew Badali**, Ph.D.

**Eva Rose Balog**, Ph.D.

**Audrey Bartholomew**, Ph.D.

**Anna Bass**, Ph.D.

**Catherine Bishop**, Ph.D.

**Jennifer Brousseau**, Ph.D.

**Kristin Burkholder**, Ph.D.

**Michael Burman**, Ph.D.

**Stephen Burt**, M.F.A.

**Leah Bymers**, M.S.

**Steven Byrd**, Ph.D.

**Carrie Byron**, Ph.D.

**Alexandra Campbell**, Ph.D.

**Michelle Caputo**, Ph.D.

**Lane Clarke**, Ed.D.

**Kenneth Courtney**, Ph.D.

**Michael Cripps**, Ph.D.

**Jonathan DeCoster**, Ph.D.

**Amy Deveau**, Ph.D.

**Elizabeth DeWolfe**, Ph.D.

**Erika Diffin Robbins**, M.S.

**Melanie DiLorenzo**, M.S.

**Scott Dube**, D.O.

**Brian Duff**, Ph.D.

**Kaushik Dutta**, M.S.

**Sarah Ebel**, Ph.D.

**Susan Farady**, J.D.

**Jennifer Fatula**, M.A.

**Jeri Fox**, Ph.D.

**Stephen Fox**, Ph.D.

**Cathrine Frank**, Ph.D.

**Bryan Franks**, Ph.D.

**Markus Frederich**, Ph.D.

**Geoffrey Ganter**, Ph.D.

**Jennifer Garcia**, Ph.D.

**Mayuri Gilhooly**, Ph.D.

**Srinivas Gonti**, Ph.D.

**Sarah Gorham**, M.F.A., M.A.T.

**Krysten Gorrivan**, M.Ed.

**Brian Greco**, Ph.D.

**David Grimm**, Ed.D.

**David Guay**, M.S.

**Ryan Hedstrom**, M.S.T.

**Daniel Johnson**, Ph.D.

**Z Cameo Johnson-Cramer**, M.S.

**Emily Kelting**, Ph.D.

**Rachel Keynton**, Ph.D.

**Thomas Klak**, Ph.D.

**Will Kochtitzky**, Ph.D.

**Gregory LaBonte**, M.S.

**Nathan Lanning**, Ph.D.

**Christina Leclerc**, Ph.D.

**Lei Lei**, Ph.D.

**Patricia Long**, Ph.D.

**Jennifer Lussier**, B.S.

**Daniel Stephens**

**Erinn Stetson**

**Clio Thayer**

**Jess Wheeler**, M.S.

**Daniel Wirtz**

CLASS OF 2026 ADDRESS

JOSEPHINE PIKOWSKI

*Marine Science-Oceanography, Data Science '26*

The Jacques Downs Award is an honor bestowed upon the most accomplished graduating senior in the College of Arts and Sciences. Students are nominated for this award by UNE faculty and professional staff based on the student's academic achievements, scholarly work, and service/contributions to University life during their UNE career.

The 2026 recipient of the award is Josephine Pikowski from Prospect, Kentucky.

Pikowski graduates with a double major in Marine Science-Oceanography and Data Science and minors in Applied Mathematics and Geographic Information Systems. An Alpha Chi member and the 2026 Outstanding Student in both programs, Pikowski has pursued interdisciplinary research since her arrival in fall 2022. Her work with Charles Tilburg, Ph.D., has examined climate change patterns in the Gulf of Maine, predicted salinity around Ram Island, and classified the Saco River Estuary. She has also contributed to a bioinformatics project in the lab of Markus Frederich, Ph.D., and completed research led by Jeri Fox, Ph.D., capturing coral fluorescence in Belize. Across each project, she has combined a passion for ocean science with expertise in mathematical modeling, data analysis, and instrument design, including building an autonomous eDNA water sampler. Beyond UNE, Pikowski completed a semester in the Sea Change program at Bigelow Laboratory for Ocean Sciences in East Boothbay, Maine, then returned the next spring as a research intern. She was selected for a competitive NOAA summer internship in Seattle and presented at the AGU Ocean Sciences Meeting in Glasgow, Scotland. She has delivered more than 20 oral and poster presentations, published a dataset, and is a co-author on a peer-reviewed manuscript currently under review. She was recently named the 2026 UNE Outstanding Undergraduate Researcher in the Natural Sciences.

A legislative policy volunteer and student ambassador for Bigelow Labs, Pikowski has also held leadership roles in the UNE Women in STEM club and regularly represented UNE at admissions events. She has spoken to local organizations and media about climate change and coastal communities. Outside the lab, she runs a drone photography business and is an active scuba diver. This fall, she begins a Ph.D. in oceanography at the University of Hawaii.

Congratulations to Pikowski and the entire Class of 2026!

FACULTY SPEAKER

KRISTIN BURKHOLDER, PH.D.

*Assistant Academic Director, Professor*

The Debra J. Summers Memorial Award for Teaching Excellence was created by students and named for a former Business faculty member. The annual award is given by the Undergraduate Student Government to a professor who has inspired and motivated students to reach their full potential.

The 2026 recipient is Kristin Burkholder, Ph.D., from the School of Biological Sciences.

Burkholder earned a bachelor's degree from Virginia Tech, a master's degree and Ph.D. at Purdue University, and completed a postdoctoral fellowship at the University of Michigan Medical School prior to starting at UNE in 2012. A previous recipient of this award in 2014, she primarily teaches microbiology and applied microbiology and has also taught biological principles of food safety and bacterial pathogenesis. However, a great deal of Burkholder's teaching and mentoring takes place in her research laboratory, where she engages undergraduate and graduate students in all aspects of the research experience, from experimental design and implementation to data analysis and the dissemination of results. Her team's interdisciplinary work explores critical topics ranging from the role of microplastics in microbial safety of marine foods to novel compounds to tackle antibiotic resistance in hospitals and other settings.

Burkholder has mentored 48 undergraduate students, eight master's students, and four medical students, and has been recognized with the ULEAD Award for Excellence in Academic Advising and the Excellence in Faculty Mentoring. She is the author of 23 peer-reviewed publications, nine of which include UNE students as co-authors, and her students routinely present their work at local, regional, and national conferences. Burkholder's rapport with students is evident in the close connections she maintains even after graduation; indeed, it's not uncommon for one of her former students to stop by her office unexpectedly or to intentionally seek her out at Homecoming to catch up or reminisce. In addition to serving as the assistant academic director of the School of Biological Sciences, Burkholder supports academic programs across the University in her role as the chair of the University Faculty Assembly Academic Affairs Committee. It is clear why Burkholder, a tireless advocate for students, undergraduate research, and the academic experience, has been recognized with the Debra J. Summers Memorial Award for Teaching Excellence for the second time. Congratulations, Burkholder!

---

## ORDER OF CEREMONIES

### PROCESSIONAL

Graduate Class of 2026, Faculty, Platform Party

### WELCOME

Gwendolyn Mahon, M.Sc., Ph.D., *Provost and Senior Vice President for Academic Affairs*

### OPENING REMARKS

Wesley B. Renfro, Ph.D., *Dean, College of Arts and Sciences*

### CLASS OF 2026 ADDRESS

Josephine Pikowski, *Jacques Downs Award Recipient*

### FACULTY SPEAKER

Kristin Burkholder, Ph.D., *Debra J. Summers Memorial Award for Teaching Excellence Recipient*

### PRESENTATION OF BACHELOR'S DEGREE CANDIDATES

Readers: Associate Deans A. Christine Brown, Ph.D., and Amy Keirstead, Ph.D.

School of Arts and Humanities

School of Biological Sciences

School of Criminology, Society, and Politics

School of Education

School of Marine and Environmental Programs

School of Mathematics and Data Science

School of Molecular and Physical Sciences

School of Psychology and Brain Science

### PRESENTATION OF MASTER OF SCIENCE DEGREE CANDIDATES

Reader: Associate Dean A. Christine Brown, Ph.D.

School of Biological Sciences

School of Marine and Environmental Programs

### CLOSING REMARKS

Wesley B. Renfro, Ph.D., *Dean, College of Arts and Sciences*

### RECESSIONAL
