University of New England

**BRAC**

**Behavioral Risk  
Assessment Committee**

**Division of Student Support**

## What is BRAC?

BRAC is a campus risk assessment team that responds to concerns about unusual and threatening behavior, and provides back-up to other student support systems when additional coordination is required.

BRAC is a multidisciplinary group of professionals from several campus departments committed to promoting safety via a proactive, coordinated, and objective approach to the prevention, identification, assessment, intervention, and management of situations that pose, or may pose, a threat to the safety and wellbeing of our campus community.

All members of the University community are encouraged to contact a member of BRAC to report incidents or behaviors of concern.

## What is meant by “Behavioral Risk”?

Behavioral risk can be defined as behavior that is disruptive, intimidating, threatening, or violent. This includes, but is not limited to, actions or statements by students, faculty, staff, or members of the community that express an intent to harm individuals or campus property and assets. All members of the University community are encouraged to contact a member of BRAC to report incidents or behaviors of concern.

## Who is on the Committee?

The committee consists of representatives from Counseling Services, Security, Student Affairs, Health Services, and deans from the College of Arts and Sciences (CAS), Westbrook College of Health Professions (WCHP), College of Osteopathic Medicine (COM), College of Pharmacy (COP), and the College of Dental Medicine (CDM).

The committee chairs are responsible for assessing each situation and determining if it is necessary to convene the full committee. Please feel free to contact any of the BRAC members to report issues.

## What kind of concerns does BRAC assess?

- Talking or writing about death, suicide, or homicide
- Unexplained crying, irritability, anxiety, or anger
- Physical or verbal abuse
- Physical assaults or injuries
- Harassment or stalking
- Coercion or affronts to human dignity
- Acts of Violence
- Accidents
- Threats or references to harming others
- Outbursts in class
- Disruptive behavior
- Changes in hygiene, dress, or appetite
