

UNIVERSITY OF NEW ENGLAND
CAREERS AND BENEFITS

For Adjunct Faculty and Temporary Professional Staff

FIND YOUR PART AT MAINE'S LARGEST PRIVATE UNIVERSITY

The University of New England is proud to employ more than 1,500 people, putting us on the list of the 25 largest private employers in Maine — but the numbers don't tell the full story. At UNE, we're about people, community, and purpose, and we pride ourselves on the supportive, mission-driven environment that we offer to our employees.

Visit our waterfront Biddeford Campus or our tree-lined Portland Campus for the Health Sciences, and you'll be met by friendly colleagues who encourage and inspire one another and who believe that what they do — regardless of their position — makes a difference.

We value our faculty and professional staff's commitment and well–being. That's why we provide a variety of resources and support to our hardworking team of faculty and professional staff. From daily perks like free mass transit use to restaurant discounts to access to UNE recreational facilities and more, these benefits are just one way we show our appreciation.
