

# University of New England 2021/2022 Catalog Addendum

The following content does not appear in the 2021/2022 Academic Catalog, but is valid for the 2021/2022 academic year.

<b>Contents</b>	
What is an Addendum?	1
Academic Program Information	2
Academic Policy and Regulations – Undergraduate Grading System	11

## **What is an Addendum?**

University of the New England (UNE) publishes a full Catalog every year. The Addendum contains important information that has been updated throughout the past year.

The following question and answer section is designed to respond to common questions about how to use this important document. As always, it is recommended that students seek the guidance of Academic Advisors for course, and program planning. In this way, you will be able to access all the most up-to-date information available.

### **Q. Why do we have an Addendum?**

A. UNE publishes an addendum to accommodate new programs introduced by the College of Graduate and Professional Studies; to correct inaccuracies in the current published academic catalog; to accommodate mid-year federal/state regulatory updates/changes; update changes to university published policy; or to accommodate changes to University or Program accreditation.

### **Q. How do I use the Addendum?**

A. The Addendum is to be used alongside the academic catalog, not in isolation. Check your program and course of interest to see if there have been any changes. Meet with your Academic Advisor if you have questions about how these changes affect your academic plan.

### **Q. Does the Addendum supersede the Catalog?**

A. The Addendum is just that: an addition to the Academic Catalog. Whatever is listed in the Addendum in terms of new courses and/or new program requirements, federal/state regulations, University policy, or Accreditation status does supersede what is in the Catalog. However, in terms of Catalog rights, if you began a program in Fall 2021 or Spring 2022, you will be able to adhere to the requirements listed in the 2021-2022 Catalog as long as you have no break in enrollment until the time of your completion. Once again, if you have questions about programs and courses, see an Academic Advisor.

### **Q. Where can I find the Addendum?**

A. The Addendum is on the web and can be accessed from Office of the Registrar site at [www.une.edu](http://www.une.edu). We hope this document will be helpful to you. It has been prepared as carefully as possible to include all information available as of October 29, 2021. UNE reserves the right to make changes as needs require,

and to change, without notice, any of the information, requirements, and regulations in the Academic Catalog and the Addendum. If you have questions about the content or any other part of this document, please contact the University Registrar's Office at 207-602-2473 or 207-221-4200 or [uneregistrar@une.edu](mailto:uneregistrar@une.edu).

**Academic Program Information**
