Dental Assistant Radiology Exam Prep Course
With Hands-On Experience

Course Description:

This course is designed to give students the training and confidence necessary to successfully sit for the State of Maine radiology-licensing exam. This is an **exam prep** course and **DOES NOT** include the radiology license or cost of exams related to the license.

This program consists of eight (8) hours didactic training on radiology theory and application as well as eight (8) hours of practical hands-on experience with typodonts as a real patient practicum opportunity. This course will cover techniques for taking intra-oral, occlusal, and Panorex films. Digital x-ray theory will be covered and the opportunity to expose digital films will be included as well.
