DUNE: DigitalUNE

"UNE's centralized, online repository"

Administered and maintained by UNE Library Services, DUNE:Digital UNE collects, preserves, and provides access to the scholarly and creative works and unique resources of the University of New England. University community members are encouraged to contribute works such as articles, presentations, theses, books, journals, conference proceedings, creative activities, media, and other UNE-related items. UNE Library Services won a grant from the National Library of Medicine to purchase a large flatbed scanner to help with digitization.

Student Kiera L. with her new Kindle Fire!

UNE Library Services Fall Open Houses

"Welcoming new and returning students"

Both campus Libraries held Open Houses this fall to welcome students. Abplanalp Library held a pizza party on September 5th and counted 530 people in and out of the library during the event. Area pizza businesses donated gift cards for raffle prizes for students. On September 18th, Ketchum Library's Open House had a birthday party theme to celebrate 45 years in the building, and counted 1865 people that day. Raffle prizes ranged from pens and T-shirts to a Kindle Fire won by one happy student (shown in photo).

L to R: Cally Gurley, Special Collections Director, Elena Dodd, and Marilyn Gugliucci, Director of Geriatrics Education and Research at UNECOM, who conceived of the archive and facilitated the donation.

Caregiver and Older Adult Research archive launched at UNE

"Harap Collection starts the National Elder Perspective Archive (NEPA)"

Elena Dodd, and her sisters Linda Makosky, Joan Gould, and Eileen Drath, donated their comprehensive caregiver records of end-of-life care given to their mother, Joan C. Harap, to UNE. These meticulous caregiver and medical records were kept by all family members and other caregivers during Mrs. Harap's illness until her death at the age of 95, and are the first of their kind to be collected for research at UNE. They will serve as the model for the NEPA Collection, to enable researchers to read first-hand experiences and stories of older adults during the aging and dying process.

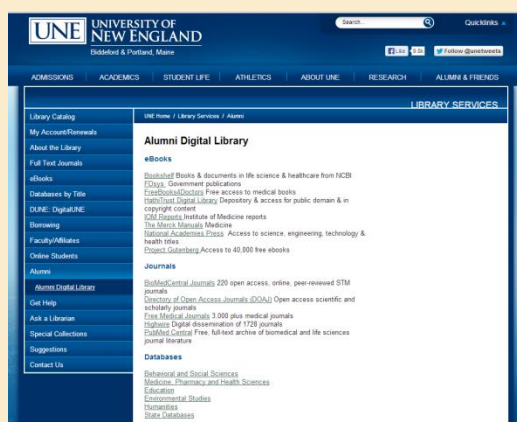

Barbara Swartzlander, Director of Reference Services, accepts the gift set from Dr. Costa-Pierce.

Encyclopedia of Sustainability Science and Technology

"Entire set donated to UNE Library Services by Dr. Barry A. Costa-Pierce"

Barry A. Costa-Pierce, Ph.D. FAAAS is the Henry L. & Grace Doherty Chair of Marine Sciences at UNE, Director Marine Science Center, Professor & Chair, Department of Marine Sciences, and Fellow, American Association for the Advancement of Science. He is a Section Editor for Springer's new 18-volume set *Encyclopedia of Sustainability Science and Technology*, c2013. He is also a Contributor to its content: "An Introduction to Ocean Farming and Sustainable Aquaculture Science and Technology." Dr. Costa generously presented an entire print set as a gift to the UNE Library Service's Reference collection.

The Alumni Digital Library website is accessible from the UNE Library Services homepage by clicking the Alumni tab on the left menu.

Alumni Digital Library

"A resource guide to high-quality, free online databases and ejournals"

At the request of alumni, UNE Library Services Reference & Instruction Librarian Roberta (Bobby) Gray compiled a guide to free, authoritative online resources to support our alumni's research, scholarship, and practice. Alumni have access to the guide on the UNE Library Services website from wherever they are. They are also welcome to come in to either campus library to access subscription journals and databases from within the network.
