Act Now to Help Protect What Matters Most

The life you're building for yourself and your family is precious. Every financial decision, every first step, every milestone — these are the things that matter. Think of insurance as a financial safety net that can help protect you when life doesn't go as planned. Enrolling in coverage now is a small thing you can do to help make sure you and your loved ones keep moving forward.

In this guide, you'll find details about your group insurance options from Standard Insurance Company (The Standard) and the forms you need to start the application process.

Protection for Your Loved Ones

Life insurance helps provide support and stability to your family if something were to happen to you. It can help your family financially through a difficult time and provide support into the future.

Protection for Your Paycheck

Your most valuable asset is your ability to earn an income. Disability insurance provides partial income replacement if you can't work because of a qualifying disability caused by an illness, injury or pregnancy. The benefit payments can help with bills that continue even when you can't work, like your mortgage or rent — expenses medical insurance won't cover.

Short Term Disability insurance pays a weekly benefit to help you keep your finances on track when you're out of work because of a disability.

Benefits You Can Apply for Now:

- Voluntary Life insurance
- Short Term Disability insurance

Group Short Term Disability Insurance

Protect your income and those who depend on it.

This coverage replaces a portion of your income when you can't work because of a qualifying disability. Even if you're healthy now, it's important to protect yourself and the people who count on your income. This insurance can help you pay the bills when you're unable to work.

This plan offers:

- Competitive group rates
- The convenience of payroll deduction
- Benefits for a qualifying disability that is not work-related

② About This Coverage

See the Important Details section for more information, including requirements, exclusions and definitions.

What Your Benefit Provides

This is the benefit you'd receive if you were to suffer a qualifying disability. Eligible earnings are your weekly insured predisability earnings, as defined by the group policy. Your benefit amount will be reduced by deductible income; see the Important Details section for a list of deductible income sources.

You may apply for STD Benefits in increments of **\$50** from **\$50** to **\$750**, but not to exceed **70%** of your predisability earnings.

Benefit Waiting Period

If you suffer a qualifying disability, your benefit waiting period is the length of time you must be continuously disabled before you can begin receiving your weekly benefit.

14 days for accidental injury

14 days for physical disease, pregnancy or mental disorder

Late Enrollment Penalty

The late enrollment penalty applies if you do not apply for this coverage within 31 days of becoming eligible.

If you do not apply for coverage within 31 days of becoming eligible, your benefit waiting period for any qualifying disability caused by physical disease, pregnancy or mental disorder occurring during the first 12 months of coverage will be 60 days.

How Long Your Benefits Last

This is the maximum length of time you could be eligible to receive a weekly disability benefit.

180 days

≡ Additional Features

Your coverage comes with some added features:

Return to Work Incentive

Your disability benefit will not be reduced by any work earnings you receive until the combined amount of the benefit and your work earnings exceeds 100 percent of your predisability earnings.

Help with Returning to Work

If a worksite modification would enable you to return to work, we can help your employer make approved modifications by covering some or all of the cost.

⌚How Much Your Coverage Costs

Because this insurance is offered through University of New England, you'll have access to competitive group rates that may be more affordable than those available through individual insurance. You'll also have the convenience of having your premium deducted directly from your paycheck. How much your premium costs depends on a number of factors, such as your age and benefit amount.

Use this formula to calculate your premium payment:

$$\text{_____} \times 0.70 \times \text{_____} \div 10 = \text{_____}$$

Enter your weekly earnings (cannot be more than \$1,250). Enter your rate from the rate table. This amount is an estimate of how much you'd pay each month.

Your Age (as of last January 1)	Rate per \$10 of weekly benefit
<45	\$0.533
45–49	\$0.504
50–54	\$0.582
