The dually accredited (AOA/ACGME) residency program was integral in helping Berkshire Medical Center achieve HealthGrades' 2009 Distinguished Hospital Award for Clinical Excellence, ranking it in the top 5% of hospitals in the nation based on its clinical quality performance. The Residents are integrated at all levels of patient care, including our innovative multidisciplinary rounds, ambulatory clinics and subspecialty rotations. They work one-on-one with experienced Hospitalists during the inpatient blocks.

Pittsfield is located in the scenic Berkshire Hills of western Massachusetts, a major tourist and cultural destination, and is easily accessible to major metropolitan areas in the Northeast.
