

Bulleted Lists

Type an asterisk or a pound sign, followed by a space, and then the list item. For a sub-item, type two asterisks (or pound signs), followed by a space and the item.

Bold

Type asterisks (no spaces) before the first and after the last letter of the word(s).

Italics

Type an underscore (no spaces) before the first and after the last letter of the word(s).

Links

Type quotation marks around the word that will include the link, followed by a colon and the complete web address (no spaces).

TEXTILE MARK-UP EXAMPLE:

```
A *simple paragraph* with  
a line break, some _emphasis_ and a "link":http://www.une.edu  
  
* an item  
** a sub-item  
* and another item  
  
# one  
## sub-one  
## sub-two  
# two
```

OUTPUT:

A **simple paragraph** with
a line break, some *emphasis* and a [link](http://www.une.edu)

- an item
 - a sub-item
- and another item

1. one
 1. sub-one
 2. sub-two
2. two
