INTRODUCTION

The University of New England is Maine’s largest private university, featuring two distinctive campuses in Maine, a vibrant campus in Tangier, Morocco, and an array of innovative offerings online. Our hands-on, experiential approach empowers students to join the next generation of leaders in their chosen fields. We are home to Maine’s only medical and dental colleges, a variety of other interprofessionally aligned health care programs, and nationally recognized degree paths in the marine sciences, the natural and social sciences, business, the humanities, and the arts.

PRIMARY LOGO

The UNE logo consists of a customized rectangle with a specified typeface and color options. You may choose one of the options shown but should not alter it in any way. All logos are located in UNE's digital asset manager: www.assets.une.edu. The minimum size for the horizontal logo reproduction is 1.5 inches wide. The minimum size for the vertical logo reproduction is 1.25 inches wide.

When using outside vendors, please make sure you are using a Learfield Licensed vendor: www.learfieldlicensing.com.

LOGO CLEAR SPACE

For the logo to communicate effectively, it should not be crowded or overwhelmed by other design elements. ‘Clear space’ refers to the area surrounding the mark that should be kept free of visual distraction. No graphic element or text of any kind should be placed within this clear space.

LOGO AND EMAIL SIGNATURES

You do not need to include the UNE logo in your email signature. If you do decide to include it, however, you must use the version displayed below, labeled "option two." No other logo or graphic is approved for this use.

Your email signature should be written in one of the UNE typefaces outlined in this manual. If those typefaces are not available, use Arial or Times Roman.

EMBOIDERING THE LOGO

When embroidering the logo on a garment or other product, the tag line may be omitted as shown below. This is the only time the logo can be used without the tag line.

When adding text — such as a college or department name — to a logo on a garment, adhere to the clear space parameters and use one of the UNE typefaces. If those typefaces are not available, use Arial or Times Roman.
UNIVERSITY SEAL

The University seal is reserved for the most formal applications and expressions of the University's identity and as a formal insignia for documents of institutional and legal importance, such as diplomas, transcripts, certificates, commencement programs, and flags.

Usage of the seal is prohibited without express permission from the President’s Office and/or the Office of Communications.

NON-APPROVED LOGO USAGE

Do not alter the UNE logo by changing its color, separating its elements, or otherwise varying its appearance and proportions. Consistent use of the logo is not only important to building and maintaining UNE’s brand, but variances in the logo’s use could result in UNE losing its copyright.

NON-APPROVED LOGO EXAMPLES
BRAND ARCHITECTURE

The brand architecture unifies and strengthens the UNE brand by presenting the UNE logo as an overarching umbrella of identification, while creating the framework for each college, school, and department to have its own identity representation.

Please note that the UNE logo remains our primary identity and the preferred graphic for external communication. All letterhead, business cards, and stationery will remain the same and will not use this brand architecture. In addition, the centers, institutes, and research grants with existing graphics will continue to use their approved graphics, displayed alongside the UNE logo.

The brand architecture graphics are created exclusively by the Office of Communications. They may not be recreated. The artwork is posted to the U/V shared drives under Communications > Brand Architecture. If your department or unit is not yet listed, please fill out the request form located on the UNE Communications webpage.

* Academic department and unit names will appear in full, including the words “department of” or “division of.”
** Administrative department and unit names will not included the words “department of” or “division of” or “office of.”
STUDENT CLUBS, GROUPS, AND ORGANIZATIONS

When creating a design for your club, group, or organization, follow the typeface guidelines provided in the manual.

The UNE logo or the UNE Nor’easter curve mark needs to be incorporated somewhere on your product. For example, you might include it on the back of the neck of shirts, the bottom, breast-pocket, sleeve, etc. Example shown is not to scale.

Please note: the UNE Nor’easter curve mark is not customizable, but the name of the student groups can be added in any of the UNE approved fonts, as long as it respects a clear space around it. It is also available in black and white.
TYPEFACES

To establish UNE’s distinctive appearance in print and on the web, we only use the typefaces listed below. By doing this, we unify our look across the various communication platforms through which we engage the public.

The Office of Communications is not responsible for providing typefaces. Typefaces can be ordered from Adobe® at www.adobe.com. or Google. All UNE typefaces are OpenType typefaces which are compatible with both Macintosh and Windows®. If the typefaces listed below are not available, use Arial or Times Roman.

COLOR

Color consistency is important to building and maintaining the UNE brand. Many factors influence accurate color reproduction. These include paper stock, ink coverage, various processes used by different printers, etc. For optimal results, work with your printer to match the colors indicated in this manual. Also use the appropriate Pantone chips for matching purposes when reproducing these colors on other media such as fabric, plastic, paint, etc.
