Important Notice: This Plan includes the PPO provider network. Plan Providers may be found in the states of Maine, Massachusetts, New Hampshire, Vermont, Rhode Island, and Connecticut. This Plan also includes the Plan's national network of Plan Providers. Please consult the Provider Directory or visit the provider search tool at www.harvardpilgrim.org to determine if a provider is in the network.

INTRODUCTION

Welcome to The PPO Plan offered by HPHC Insurance Company (HPHC) and thank you for choosing us to help meet your health care needs.

When we use the words “we,” “us,” and “our” in this Handbook, we are referring to HPHC. When we use the words “you” or “your” we are referring to Members as defined in the Glossary.

To use the Plan effectively, you will want to review this Handbook and the Schedule of Benefits, which describe your In-Network and Out-of-Network benefits. This Plan has been designed to offer you the flexibility of obtaining Covered Benefits through the Plan’s network of Plan Providers or the Non-Plan Provider of your choice. Benefits are covered both In-Network and Out-of-Network. However, in most cases, your In-Network benefits provide you with a higher level of coverage with lower out of pocket costs.

All In-Network care must be provided by the Plan’s network of Plan Providers, except in a Medical Emergency.

If you choose to receive Covered Benefits from a provider or at a facility that is not a Plan Provider, your benefits will be covered at the Out-of-Network level.

Some benefits have limits on the amount of coverage provided in a Plan Year or Calendar Year. If a Covered Benefit has a benefit limit, your In-Network and Out-of-Network services are usually combined and count against each other to reach your benefit limit. Please see your Schedule of Benefits for detailed information regarding benefit limits on your coverage.

When you enroll, you receive the covered health care services described in this Handbook, the Schedule of Benefits, the Prescription Drug Brochure (if applicable) and any riders or amendments to those documents.

As a Member, you can take advantage of a wide range of helpful online tools and resources. For instance, your secure online account offers you a secure place to help manage your health care. You are able to check your Schedule of Benefits and Benefit Handbook, review prescription drug and medical claim histories, compare Hospitals and much more! For details on how to register for a secure online account, log on to **www.harvardpilgrim.org**.

You may also call the Member Services Department if you have any questions. Member Services staff are available to help you with questions about the following:

I. How the Plan Works

This section describes how to use your Benefit Handbook and how your coverage works under the Plan. The Plan provides you with two levels of benefits known as In-Network coverage and Out-of-Network coverage. You receive In-Network coverage when you obtain Covered Benefits from Providers participating in the Plan. These Providers are referred to as “Plan Providers” and they have agreed to accept our payment minus the Member Cost Sharing as payment in full.

In Massachusetts, Maine, Connecticut, Rhode Island and New Hampshire, there are certain specialized services that must be received from designated Plan Providers, referred to as “Centers of Excellence” to receive In-Network coverage. Please see section *I.D.4. Centers of Excellence* for further information.

You receive Out-of-Network coverage when you obtain Covered Benefits from Non-Plan Providers. The Plan does not have agreements or contracts with these Providers. We pay a percentage of the cost of care you receive from Non-Plan Providers, up to the Allowed Amount for the service. Your In-Network and Out-of-Network coverage is described further below.

A. HOW TO USE THIS BENEFIT HANDBOOK

1. Why This Benefit Handbook Is Important

This Benefit Handbook, the Schedule of Benefits, the Prescription Drug Brochure (if your Plan includes our outpatient pharmacy coverage) and any applicable riders and amendments (collectively referred to as the Evidence of Coverage) make up the legal agreement stating the terms of the Plan. This document also incorporates by reference an Employer Agreement issued to your Employer, which includes information on dependent eligibility. If you have any eligibility questions, we recommend that you see your Employer for information.

The Benefit Handbook describes how your membership works. It’s also your guide to the most important things you need to know, including:

- How to obtain benefits with the lowest out-of-pocket expense
- Covered Benefits
- Exclusions
- The requirements for In-Network and Out-of-Network coverage

You can view your Benefit Handbook, Schedule of Benefits, Prescription Drug Brochure (if your Plan includes our outpatient pharmacy coverage) and any applicable riders and amendments online by using your secure online account at www.harvardpilgrim.org.

2. Words With Special Meaning

Some words in this Handbook have a special meaning. These words are capitalized and are defined in the *Glossary*.

3. How To Find What You Need To Know

This Handbook’s Table of Contents will help you find the information you need. The following is a description of some of the important sections of the Handbook.

We put the most important information first. For example, this section explains important requirements for coverage. By understanding Plan rules, you can avoid denials of coverage.

Benefit details are described in section *III. Covered Benefits* and are in the same order as in your Schedule of Benefits. You must review section *III. Covered Benefits* and your Schedule of Benefits for a complete understanding of your benefits.

The Handbook provides detailed information on how to appeal a denial of coverage or file a complaint. This information is in section *VI. Appeals and Complaints*.

B. HOW TO USE YOUR PROVIDER DIRECTORY

The Provider Directory lists the Plan Providers you may use to obtain In-Network Benefits. You may view the Provider Directory online at our website, www.harvardpilgrim.org. You can also get a paper copy of the Provider Directory, free of charge, by calling the Member Services Department at **1-888-333-4742**.

The online Provider Directory enables you to search for providers by name, gender, specialty, Hospital affiliations, languages spoken and office locations. You can also obtain information about whether a provider is accepting new patients. Since it is frequently updated, the information in the online directory will be more current than the paper directory.

Please Note: The Physicians and other medical professionals in the Plan’s provider network participate through contractual arrangements that can be

terminated either by a provider or by us. In addition, a provider may leave the network because of retirement, relocation or other reasons. This means that we cannot guarantee that the Physician you choose will continue to participate in the network for the duration of your membership.

C. MEMBER OBLIGATIONS

1. Show Your Identification Card

You should show your identification (ID) card every time you request health services. If you do not show your ID card, the Provider may not bill us for Covered Benefits, and you may be responsible for the cost of the service. You can order a new ID card online by using your secure online account at www.harvardpilgrim.org or by calling the Member Services Department.

2. Share Costs

You are required to share the cost of Covered Benefits provided under the Plan. Your Member Cost Sharing may include one or more of the following:

- Copayments
- Coinsurance
- Deductibles

Your Plan may also have an Out-of-Pocket Maximum that limits the amount of Member Cost Sharing you may be required to pay. Your specific Member Cost Sharing responsibilities are listed in your Schedule of Benefits. See section *I.E. MEMBER COST SHARING* for more information on Copayments, Coinsurance, Deductibles and Out-of-Pocket Maximums.

3. Obtain Prior Approval

You are required to obtain Prior Approval before receiving certain Covered Benefits. Please see section *I.F. PRIOR APPROVAL* for more information on these requirements.

4. Be Aware that your Plan Does Not Pay for All Health Services

There may be health products or services you need that are not covered by the Plan. Please review section *IV. Exclusions* for more information. In addition, some services that are covered by the Plan are limited. Such limitations are needed to maintain reasonable premium rates for all Members. Please see your Schedule of Benefits for any specific limits that apply to your Plan.

D. HOW TO OBTAIN CARE

IMPORTANT POINTS TO REMEMBER

- 1) The Plan provides you with two levels of benefits known as In-Network benefits and Out-of-Network benefits.
- 2) In-Network benefits are available for Covered Benefits received from Plan Providers.
- 3) Plan Providers are providers that are under contract with HPHC to provide services to Members.
- 4) Out-of-Network benefits are available for Covered Benefits received from Non-Plan Providers.
- 5) Some services require Prior Approval by the Plan.
- 6) In the event of a Medical Emergency, you should go to the nearest emergency facility or call 911 or other local emergency number.

The Plan offers two different levels of coverage, referred to in this Handbook as “In-Network” and “Out-of-Network” benefits.

1. How Your In-Network Benefits Work

In-Network benefits are available when you receive Covered Benefits from a Plan Provider. Your Member Cost Sharing is generally lower for In-Network benefits. In-Network coverage applies to Plan Providers in Massachusetts, Maine, New Hampshire, Rhode Island, Vermont, Connecticut and a large number of providers in HPHC’s affiliated national network around the country. Since we pay Plan Providers directly, you do not have to file a claim when you use your In-Network benefits.

Plan Providers are under contract to provide Covered Benefits to Members of the Plan. They are listed in the Plan Provider Directory. Although every effort is made to keep the Provider Directory up-to-date, changes may occur for a variety of reasons. Members should contact the Member Services Department at **1-888-333-4742** to verify a Provider’s status. Members are responsible for advising Providers of their membership in the Plan by showing them their identification card before receiving services.

When obtaining In-Network benefit, some services require Prior Approval by the Plan. Please see section *I.F. PRIOR APPROVAL* for information on the Prior Approval Program.

Please Note: In Massachusetts, Maine, Connecticut, Rhode Island and New Hampshire, there are certain specialized services that must be received from designated Plan Providers, referred to as “Centers of Excellence” to receive In-Network coverage. Please see section *I.D.4. Centers of Excellence* for further information.

2. How Your Out-of-Network Benefits Work

Out-of-Network Benefits are available when you receive Covered Benefits from Non-Plan Providers. The Plan pays only a percentage of the cost of Covered Benefits you receive from Non-Plan Providers. You are responsible for paying the balance. Your Member Cost Sharing is generally higher for Out-of-Network benefits. However, you have more flexibility in obtaining care and may go to the licensed health care professional of your choice.

When obtaining Out-of-Network benefits, some services require Prior Approval by the Plan. Please see section *I.F. PRIOR APPROVAL* for information on the Prior Approval Program.

Payments to Plan Providers are usually based on a contracted rate between us and the Plan Provider. Since we have no contract with Non-Plan Providers, there is no limit on what such providers can charge. You are responsible for any amount charged by a Non-Plan Provider in excess of the Allowed Amount for the service.

3. Selecting a Plan Provider

To obtain In-Network benefits you must receive services from a Plan Provider. Your out-of-pocket costs will almost always be lower if you use your In-Network benefits by using a Plan Provider. Plan Providers include a large number of specialists and health care institutions in Maine and surrounding states. In addition, HPHC offers a large national network of Plan Providers across the United States. You may use the Harvard Pilgrim Provider Directory to find Plan Providers. The Provider Directory identifies the Plan’s participating specialists, Hospitals and other providers. It lists providers by state and town, specialty, and languages spoken. You may view the Provider Directory online at our website, www.harvardpilgrim.org. You can also get a copy of the Provider Directory, free of charge, by calling the Member Services Department at **1-888-333-4742**.

If you have difficulty finding a Plan Provider who can provide the services you need, we will assist you. For help finding a medical provider, please call **1-888-777-4742**. For help finding a mental health

or substance use disorder treatment provider, please call **1-888-777-4742**. If no Plan Provider has the expertise needed to meet your medical needs, we will assist you in finding an appropriate Non-Plan Provider.

Please Note: The Physicians and other medical professionals in the Plan’s provider network participate through contractual arrangements that can be terminated either by a provider or by us. In addition, a provider may leave the network because of retirement, relocation or other reasons. This means that we cannot guarantee that the Physician you choose will continue to participate in the network for the duration of your membership.

4. Centers of Excellence

Plan Providers with special training, experience, facilities or protocols for certain specialized services are designated as “Centers of Excellence.”

Centers of Excellence are selected by us based on the findings of recognized specialty organizations or government agencies such as Medicare. Centers of Excellence are located in Massachusetts, Maine, Connecticut, Rhode Island and New Hampshire. The following specialized service should be obtained through a designated Center of Excellence:

- Weight loss surgery (bariatric surgery)

A list of Centers of Excellence may be found in the Provider Directory. The Provider Directory is available online at www.harvardpilgrim.org or by calling our Member Services Department at **1-888-333-4742**.

We may revise the list of services that must be received from a Center of Excellence upon 30 days’ notice to Members. Services or procedures may be added to the list when we identify services in which significant improvements in the quality of care may be obtained through the use of selected providers. Services or procedures may be removed from the list if we determine that significant advantages in quality of care will no longer be obtained through the use of a specialized panel of providers.

To receive In-Network benefits for the service listed above in Massachusetts, Maine, Connecticut, Rhode Island or New Hampshire, you must obtain care at a Plan Provider that has been designated as a Center of Excellence.

Important Notice: If you choose to receive care in Massachusetts, Maine, Connecticut, Rhode Island or New Hampshire for the above service at a facility other

than a contracted Center of Excellence, coverage will be at the Out-of-Network benefit level.

To receive In-Network benefits for the service listed above outside of Massachusetts, Maine, Connecticut, Rhode Island or New Hampshire, you must obtain care at a hospital that is listed as a Plan Provider. Please check your Provider Directory for a list of participating hospitals. If you choose to receive care for the above service at a facility other than a Plan Provider, coverage will be at the Out-of-Network benefit level.

5. Covered Benefits from Our Affiliated National Network of Providers

HPHC offers a comprehensive network of Plan Providers located in Massachusetts, New Hampshire, Rhode Island, Vermont, Connecticut and Maine. In addition, HPHC's national provider network allows Members to obtain In-Network benefits outside of those states. As of the issuance of this Handbook, the national network includes nearly 450,000 Physicians and over 4,000 Hospitals. To locate one of these Providers, log onto our website at www.harvardpilgrim.org or call Member Services at **1-888-333-4742**.

6. How to get Care After Hours

Either your doctor or a covering provider is available to direct your care 24-hours a day. Talk to your doctor to find out what arrangements are available for care after normal business hours. Some doctors may have covering Physicians after hours and others may have extended office/clinic hours. In a Medical Emergency, you should go to the nearest emergency facility or call 911 or other local emergency number.

7. Medical Emergency Services

In a Medical Emergency, including a mental health condition, you should go to the nearest emergency facility or call 911 or other local emergency number. Your emergency room Member Cost Sharing is listed in your Schedule of Benefits. Please remember that if you are hospitalized, you must call the Plan at **1-888-333-4742** within 48 hours or as soon as you can. This telephone number can also be found on your ID card. If notice of hospitalization is given to the Plan by an attending emergency Physician no further notice is required.

E. MEMBER COST SHARING

Below are descriptions of Member Cost Sharing that may apply when using Plan or Non-Plan Providers. Member Cost Sharing under your Plan may apply to

services received In-Network, Out-of-Network or both. See your Schedule of Benefits for Cost Sharing details that are specific to your Plan.

1. Copayment

A Copayment is a fixed dollar amount that you must pay for certain Covered Benefits. Copayments are due at the time of service or when billed by the Provider. There may be two types of office visit Copayments that apply to your Plan: a lower Copayment known as "Level 1" and a higher Copayment known as "Level 2."

If a Provider is categorized as both a Level 1 Provider and a Level 2 Provider, the Level 1 Copayment applies. For example, if a Provider is both a PCP and a Cardiologist, you will be responsible for the Level 1 Copayment.

Your Plan may have other Copayment amounts. For more information about Copayments under your Plan, including your specific Copayment requirements, please refer to your Schedule of Benefits.

2. Deductible

A Deductible is a specific dollar amount that is payable by a Member for Covered Benefits received each Plan Year or Calendar Year before any benefits subject to the Deductible are payable by the Plan. If a family Deductible applies, it is met when any combination of Members in a covered family incur expenses for services to which the Deductible applies. Deductible amounts are incurred on the date of service. You may have different Deductibles that apply to different Covered Benefits under your Plan. If a Deductible applies to your Plan, it will be listed in your Schedule of Benefits.

If your Plan has a Deductible, it will have both an individual Deductible and a family Deductible. However, please note that a family Deductible only applies if you have Family Coverage. Unless a family Deductible applies, you are responsible for the individual Deductible for Covered Benefits each Plan Year or Calendar Year. If you are a Member with Family Coverage, the Deductible can be satisfied in one of two ways:

- a. If a Member of a covered family meets an individual Deductible, then that Member has no additional Deductible Member Cost Sharing for Covered Benefits the remainder of the Plan Year or Calendar Year.
- b. If any number of Members in a covered family collectively meet the family Deductible, then all Members of the covered family have no additional Deductible Member Cost Sharing for

THE PPO PLAN - MAINE

Covered Benefits for the remainder of the Plan Year or Calendar Year. No one family member may contribute more than the individual Deductible amount to the family Deductible.

Once a Deductible is met, coverage by the Plan is subject to any other Member Cost Sharing that may apply.

If a Member changes to Family Coverage from Individual Coverage or to Individual Coverage from Family Coverage within a Plan Year or Calendar Year, expenses that Member incurred for Covered Benefits toward the Deductible under the prior coverage will apply toward the Deductible limit under his/her new coverage. If the previously incurred Deductible amount is greater than the new Deductible limit, the member or family will only be responsible for applicable Copayment or Coinsurance amounts listed in his/her Schedule of Benefits.

Some Plans include a Deductible Rollover. A Deductible Rollover allows you to apply any Deductible amount incurred for Covered Benefits during the last three (3) months of a year toward the Deductible for the next year. In order for a Deductible Rollover to apply, the Member (or Family) must have had continuous coverage under the Plan through the same Employer Group at the time the charges for the prior year were incurred. If a Deductible Rollover applies, it will be stated in your Schedule of Benefits.

3. Coinsurance

After the appropriate Deductible amount is met, you may be responsible for paying a Coinsurance amount, which is a percentage of the Allowed Amount. When using Plan Providers, the Allowed Amount is based on the contracted rate between HPHC and the Provider. When using Non-Plan Providers, the amount we pay for Covered Benefits is based on the Provider's charge for the service up to the Allowed Amount for the service. In general, higher Coinsurance amounts will apply to Out-of-Network services. Coinsurance amounts are listed in your Schedule of Benefits.

4. Out-of-Pocket Maximum

Your coverage includes an Out-of-Pocket Maximum. An Out-of-Pocket Maximum is the total amount of Copayments, Deductible or Coinsurance payments for which a Member or a family is responsible in a Plan Year or Calendar Year. Once the Out-of-Pocket Maximum has been reached, no further Copayment, Deductible or Coinsurance amounts will be payable by the Member and HPHC will pay 100% of the Allowed Amount for the remainder of the Plan Year or Calendar Year. Once a family Out-of-Pocket

Maximum has been met in a Plan Year or Calendar Year, the Out-of-Pocket Maximum is deemed to have been met by all Members in a family for the remainder of the Plan Year or Calendar Year.

Certain expenses do not apply to the Out-of-Pocket Maximum. Penalty amounts and charges above the Allowed Amount never apply to the Out-of-Pocket Maximum.

In most cases where an Out-of-Pocket Maximum is included in the Plan, you have both an individual Out-of-Pocket Maximum and a family Out-of-Pocket Maximum. If you are a Member with Family Coverage, your Out-of-Pocket Maximum can be reached in one of two ways:

- a. If a Member of a covered family meets an individual Out-of-Pocket Maximum, then that Member has no additional Member Cost Sharing for the remainder of the Plan Year or Calendar Year.
- b. If any number of Members in a covered family collectively meet the family Out-of-Pocket Maximum, then all Members of the covered family have no additional Member Cost Sharing for the remainder of the Plan Year or Calendar Year.

If a Member changes to Family Coverage from Individual Coverage or to Individual Coverage from Family Coverage within a Plan Year or Calendar Year, expenses that Member incurred for Covered Benefits toward the Out-of-Pocket Maximum under the prior coverage will apply toward the Out-of-Pocket Maximum limit under his/her new coverage. If the incurred Out-of-Pocket Maximum amount is greater than the new Out-of-Pocket Maximum limit, the Member will have no additional cost sharing for that Plan Year or Calendar Year.

5. Out-of-Network Charges in Excess of the Allowed Amount

On occasion, a Non-Plan Provider may charge amounts in excess of the Allowed Amount. In those instances, you will be financially responsible for the difference between what the Provider charges and the amount of the Allowed Amount payable by the Plan. This means that you will be responsible for paying the full amount above the Allowed Amount. Amounts charged by a Non-Plan Provider in excess of the Allowed Amount do not count toward the Out-of-Pocket Maximum. You may contact the Member Services Department at **1-888-333-4742** or call **711** for TTY service if you have questions

about the maximum Allowed Amount that may be permitted by HPHC for a service.

6. Penalty

The amount that a Member is responsible to pay for certain Out-of-Network services when Prior Approval has not been received before obtaining the services. The Penalty charge is in addition to any Member Cost Sharing amounts. Penalty charges do not count towards any Out-of-Pocket Maximum. Please see your Schedule of Benefits for your Out-of-Network Penalty Payment amount. Please see section *I.F. PRIOR APPROVAL* for a detailed explanation of the Prior Approval Program.

7. Combined Payment Levels

Under some circumstances you may receive services from both a Plan Provider and a Non-Plan Provider when obtaining care. When this occurs, our entitlement to In-Network or Out-of-Network coverage always depends upon the participation status of the individual service Provider and whether you chose to receive services from a Non-Plan Provider. For example, you may receive treatment in a Plan Provider's office but choose to receive associated blood work from a non-plan laboratory. In this example, the Plan Provider would be paid at the In-Network coverage level and the laboratory would be paid at the Out-of-Network coverage level because the laboratory is a Non-Plan Provider and you chose to receive those services from a Non-Plan Provider. However, if a Plan Provider directs you to a Non-Plan Provider and you did not choose that Non-Plan Provider to provide such services, you would be entitled to In-Network coverage for those services from the Non-Plan Provider.

The benefit payment level that is applied to a Hospital admission depends on the participation status of both the admitting Physician and the Hospital. If a Plan Provider admits you to a participating Hospital, both the Hospital and Physician are paid at the In-Network coverage level. If an Out-of-Network Physician admits you to a participating Hospital, the Hospital's charges are paid at the In-Network coverage level but the Physician's charges are paid at the Out-of-Network coverage level. Likewise, if a Plan Provider admits you to a non-plan Hospital, the Hospital's charges are paid at the Out-of-Network coverage level but the Physician's charges are paid at the In-Network coverage level. All Out-of-Network payments by the Plan are limited to the Allowed Amount.

- The name and address of the facility where care will be received
- The admitting Physician’s name, address and telephone number

- The admitting diagnoses and date of admission
- The name of any procedure to be performed and the date it is expected to be performed

3. The Effect of Prior Approval on Coverage

If you obtain Prior Approval when required, the Plan will pay up to the full benefit limit stated in this Benefit Handbook and your Schedule of Benefits.

If you do not obtain Prior Approval when required, you will receive coverage only for services later determined to be Medically Necessary and will be responsible for any applicable Member Cost Sharing. For services received from a Non-Plan Provider, you will also be responsible for paying the penalty amount stated in the Schedule of Benefits.

If HPHC determines at any point that a service is not Medically Necessary, no coverage will be provided for the services at issue, and you will be responsible for the entire cost of those services.

Prior Approval does not entitle you to any benefits not otherwise payable under this Benefit Handbook or the Schedule of Benefits.

Please see section *X.K. UTILIZATION REVIEW PROCEDURES* for information on the time limits for Prior Approval decisions and reconsideration procedures for Providers if coverage is denied. Please see Section *VI. Appeals and Complaints* for a description of your appeal rights if coverage for a service is denied by HPHC.

4. What Prior Approval Does

The Prior Approval program may do different things depending upon the service in question. These may include:

- Assuring that the proposed service will be covered by the Plan and that benefits are being administered correctly.
- Consulting with Providers to provide information and promote the appropriate delivery of care.
- Evaluating whether a service is Medically Necessary, including the level of care, place of service and whether it is, and continues to be, provided in an appropriate setting.

If the Prior Approval Program conducts a medical review of a service, you and your attending Physician will be notified of the Plan's decision to approve or not to approve the care proposed. When level of care, place of service or setting is part of the review, services that can be safely provided to you in a lower level of care, place of service or setting will not be Medically

Necessary if they are provided in a higher level of care, place of service or setting. All decisions to deny a medical service will be reviewed by a Physician (or, in the case of Medical Drugs or mental health and substance use disorder treatment, a qualified clinician) in accordance with written clinical criteria. Medical review criteria will be based on many sources including medical policy and clinical guidelines. The relevant criteria will be made available to Providers and Members upon request.

If the Prior Approval Program denies a coverage request, it will send you a written notice that explains the decision, your Provider's right to obtain reconsideration of the decision, and your appeal rights.

G. CLINICAL REVIEW CRITERIA

We use clinical review criteria to evaluate whether certain services or procedures are Medically Necessary for a Member's care. Members or their practitioners may obtain a copy of our clinical review criteria applicable to a service or procedure for which coverage is requested. Clinical review criteria may be obtained by calling **1-888-888-4742**.

H. PROVIDER FEES FOR SPECIAL SERVICES (CONCIERGE SERVICES)

Certain Physician practices charge extra fees for special services or amenities, in addition to the benefits covered by the Plan. Examples of such special Physician services might include: telephone access to a Physician 24-hours a day; waiting room amenities; assistance with transportation to medical appointments; guaranteed same day or next day appointments when not Medically Necessary; or providing a Physician to accompany a patient to an appointment with a specialist. Such services are not covered by the Plan. The Plan does not cover fees for any service that is not included as a Covered Benefit under this Evidence of Coverage.

In considering arrangements with Physicians for special services, you should understand exactly what services are to be provided and whether those services are worth the fee you must pay. For example, the Plan does not require Plan Providers to be available by telephone 24-hours a day. However, the Plan does require Plan Primary Care Providers (PCPs) to provide both an answering service that can be contacted 24-hours a day and prompt appointments when Medically Necessary.

I. BUNDLED PAYMENT ARRANGEMENTS

The Plan may participate in bundled payment arrangements with certain Providers under which a specific service or treatment is paid for based on a fixed sum for all of the Covered Benefits you receive. Member Cost Sharing for Covered Benefits under a bundled payment arrangement may be less than if the Covered Benefits were received without the bundled payment arrangement. Please refer to www.harvardpilgrim.org or call the Member Services Department at **1-888-333-4742** for a list of Providers who have bundled payment arrangements with Harvard Pilgrim and their corresponding services. We may revise the list of Providers or services who have bundled payment arrangements upon 30 days notice to Members.

J. WELLNESS CARE PROGRAMS

Harvard Pilgrim offers certain wellness care programs to Members receiving care covered under the Plan. These services may include telephone or video counseling sessions designed to treat depression, anxiety or stress that may accompany chronic conditions or life events. These counseling sessions may be available to you at lower Member Cost Sharing. Please log into your secure online account at www.harvardpilgrim.org or call the Member Services Department at **1-888-333-4742** for more information concerning these programs and their Member Cost Sharing obligations.

II. Glossary

This section lists words with special meaning within the Handbook.

Accident or Accidental Injury

Accidental bodily injury sustained by the insured person that is the direct cause of the condition for which benefits are provided and that occurs while the insurance is in force.

Activities of Daily Living The basic functions of daily life include bathing, dressing, and mobility, including, but not limited to, transferring from bed to chair and back, walking, sleeping, eating, taking medications and using the toilet.

Adverse Health Care Treatment Decision A health care treatment decision made by or on behalf of HPHC denying in whole or in part payment for a provision of otherwise Covered Benefits requested by or on behalf of a Member. Adverse Health Care Treatment Decision includes a rescission determination and an initial coverage eligibility determination.

Allowed Amount The Allowed Amount is the maximum amount that we will pay for Covered Benefits minus any applicable Member Cost Sharing.

The Allowed Amount for In-Network benefits is the contracted rate the Plan has agreed to pay Plan Providers.

If services provided by a Non-Plan Provider are Covered Benefits under this Benefit Handbook, the Allowed Amount for such services depends upon where you receive the service, as explained below:

a. If you receive Out-of-Network services in the states of Massachusetts,

New Hampshire, Rhode Island, Vermont, Connecticut or Maine, the Allowed Amount is defined as follows:

The Allowed Amount is the lower of the Provider's charge or a rate determined as described below:

An amount that is consistent, in the judgment of the Plan, with the normal range of charges by health care Providers for the same, or similar, products or services provided to a Member. If the Plan has appropriate data for the area, the Plan will determine the normal range of charges in the geographic area where the product or services were provided to the Member. If the Plan does not have data to reasonably determine the normal range of charges where the products or services were provided, the Plan will utilize the normal range of charges in Boston, Massachusetts. Where services are provided by non-Physicians but the data on provider charges available to the Plan is based on charges for services by Physicians, the Plan will, in its discretion, make reasonable reductions in its determination of the allowable charge for such non-Physician Providers.

b. If you receive Out-of-Network services outside of the states of Massachusetts, New Hampshire, Rhode Island, Vermont, Connecticut or Maine, the Allowed Amount is defined as follows:

The Allowed Amount is the lower of the Provider's charge or a rate determined as described below:

The Allowed Amount is determined based on 150% of the published rates allowed by the Centers for Medicare and Medicaid Services (CMS) for Medicare for the same or similar service within the geographic market.

When a rate is not published by CMS for the service, we use other industry

standard methodologies to determine the Allowed Amount for the service as follows:

For services other than Pharmaceutical Products, we use a methodology called a relative value scale, which is based on the difficulty, time, work, risk and resources of the service. The relative value scale currently used is created by Optuminsight, Inc. If the Optuminsight, Inc. relative value scale becomes no longer available, a comparable scale will be used.

For Pharmaceutical Products, we use industry standard methodologies that are similar to the pricing methodology used by CMS and produce fees based on published acquisition costs or average wholesale price for the pharmaceuticals. These methodologies are currently created by RJ Health Systems, Thomson Reuters (published in its Red Book), or UnitedHealthcare based on an internally developed pharmaceutical pricing resource.

When a rate is not published by CMS for the service and no industry standard methodology applies to the service, or the provider does not submit sufficient information on the claim to pay it under CMS published rates or an industry standard methodology, the Allowed Amount will be 50% of the provider's billed charge, except that the Allowed Amount for certain mental health and substance use disorder treatment will be 80% of the billed charge.

Pricing of the Allowed Amount will be conducted by UnitedHealthcare, Inc. UnitedHealthcare, updates the CMS published rate data on a regular basis when updated data from CMS becomes available. These updates are typically implemented within 30 to 90 days after CMS updates its data.

Anniversary Date The date agreed to by HPHC and your Employer Group

THE PPO PLAN - MAINE

upon which the yearly Employer Group premium rate is adjusted and benefit changes normally become effective. This Benefit Handbook, Schedule of Benefits, Prescription Drug Brochure and any applicable riders, and the Employer Group agreement will terminate unless renewed on the Anniversary Date.

✓ FOR EXAMPLE: If your Anniversary Date is January 1st, this is the date when the Plan goes into effect and begins to pay for Covered Benefits.

Behavioral Health Access Center

The organization, designated by us, that is responsible for arranging for the provision of services for Members in need of mental health and substance use disorder treatment. You may contact the Behavioral Health Access Center by calling **1-888-777-4742**. This document that describes the terms and conditions of the Plan, including but not limited to, Covered Benefits and exclusions from coverage.

Benefit Limit The day, visit or dollar limit maximum that applies to certain Covered Benefits. Once the Benefit Limit has been reached, no more benefits will be paid for such services or supplies. If you exceed the Benefit Limit, you are responsible for all charges incurred. The Benefit Limits applicable to your Plan are listed in your Schedule of Benefits.

✓ FOR EXAMPLE: If your Plan offers 30 visits per Plan Year or Calendar Year for physical therapy services, once you reach your 30 visit limit for that Plan Year or Calendar Year, no additional benefits for that service will be covered by the Plan.

Calendar Year The one-year period beginning on January 1 for which benefits are purchased and administered. Benefits for which limited yearly coverage is provided renew at the beginning of the Calendar Year. Benefits for which limited

coverage is provided every two years renew at the beginning of every second Calendar Year. Benefits under your Plan are administered on either a Plan Year or Calendar Year basis. Please see your Schedule of Benefits to determine which type of year your Plan utilizes.

Certain specialized services are only covered as In-Network services in Massachusetts, Maine, Connecticut, Rhode Island or New Hampshire when received from designated Centers of Excellence.

Coinsurance A percentage of the Allowed Amount for certain Covered Benefits that must be paid by the Member. Coinsurance amounts are in addition to any Deductible and any applicable Copayment. Coinsurance amounts applicable to your Plan are stated in your Schedule of Benefits.

✓ FOR EXAMPLE: If the Coinsurance for a service is 20%, you pay 20% of the Allowed Amount while we pay the remaining 80%. (In the case of Out-of-Network services, we only pay up to the Allowed Amount.)

Copayment A fixed dollar amount you must pay for certain Covered Benefits. The Copayment is usually due at the time services are rendered or when you are billed by the provider.

There may be two types of office visit Copayments that apply to your Plan: a lower Copayment known as “Level 1” and a higher Copayment known as “Level 2.” Your specific Copayment amounts, and the services to which they apply, are listed in your Schedule of Benefits.

Occasionally the Copayment may exceed the contract rate payable by the Plan for a service. If the Copayment is greater than the contract rate, you are responsible for the full Copayment, and the provider keeps the entire Copayment.

✓ FOR EXAMPLE: If your Plan has a \$20 Copayment for outpatient visits, you’ll pay \$20 at the time of the visit or when you are billed by the provider.

Cosmetic Services Cosmetic Services are surgery, procedures or treatments that are performed primarily to reshape or improve the individual’s appearance.

Deductible A specific dollar amount that is payable by a Member for Covered Benefits received each Plan Year or Calendar Year before any benefits subject to the Deductible are payable by the Plan. There may be an individual Deductible and a family Deductible, and you may have different Deductibles that apply to different Covered Benefits under your Plan. If a Deductible applies to your plan, it will be stated in the Schedule of Benefits. The Deductible does not apply to non-Covered Benefits.

✓ FOR EXAMPLE: If your Plan has a \$500 Deductible and you have a claim with the Allowed Amount of \$1,000, you will be responsible for the first \$500 to satisfy your Deductible requirement before the Plan begins to pay benefits.

Deductible Rollover A Deductible Rollover allows you to apply any Deductible amount incurred for Covered Benefits during the last three months of a Plan Year or Calendar Year toward the Deductible for the next Plan Year or Calendar Year. To be eligible for a Deductible Rollover, a Member must have had continuous coverage with us through the same Employer Group at the time the prior Plan Year or Calendar Year charges were incurred. If your Plan has a

a. The product or service is not recognized in accordance with generally accepted medical standards as being safe and effective for the use in the evaluation or treatment of the condition in question. In determining whether a service has been recognized as safe or effective in accordance with generally accepted evidence-based

medical standards, primary reliance will be placed upon data from published reports in authoritative medical or scientific publications that are subject to established peer review by qualified medical or scientific experts prior to publication. In the absence of any such reports, it will generally be determined that a service, procedure, device or drug is not safe and effective for the use in question.

When a Member is receiving drugs in the home, the words "cannot be self-administered" will also include circumstances in which a family member or friend is trained to administer the drug and ongoing supervision by skilled medical personnel is required.

Medical Emergency The sudden and, at the time, unexpected onset of a physical or mental health condition, including severe pain, manifesting itself by symptoms of sufficient severity, regardless of the final diagnosis that is given, that would lead a prudent layperson, possessing an average knowledge of medicine and health, to believe that the absence of immediate medical attention for the Member could reasonably be expected to result in: (a) placing the Member's physical and/or mental health in serious jeopardy (or with respect to pregnant woman, the health of the woman or her unborn child); (b) serious impairment to bodily functions; or (c) serious dysfunction of any bodily organ or part. Examples of Medical Emergencies are: heart attack or suspected heart attack, stroke, shock, major blood loss, choking, severe head trauma, loss of consciousness, seizures, and convulsions. A Medical Emergency includes a situation involving a pregnant woman who is having contractions where there is either inadequate time to safely transfer her to another Hospital before delivery or any transfer may pose a threat to the safety of the woman or unborn child.

V. Reimbursement and Claims Procedures

The information in this section applies when you wish to file a claim or seek reimbursement following receipt of Covered Benefits. In most cases, you should not receive bills from Plan Providers.

A surprise bill may occur if:

- You obtain services from a Non-Plan Provider while you were receiving a service from a Plan Provider or facility and you did not knowingly select the Non-Plan Provider, or
- You obtain services from a Non-Plan Provider during a service previously approved or authorized by HPHC where you did not knowingly select a Non-Plan Provider.

If you receive a surprise bill, you are only responsible for the applicable cost sharing associated with your Plan. HPHC will reimburse Non-Plan Providers at its Plan Provider rate unless otherwise agreed to by the Provider and HPHC. You will not be billed for any charges other than the applicable cost sharing associated with your plan.

A. HOW TO FILE A CLAIM (PROOF OF LOSS)

Proof of loss is administered under this Handbook by filing a claim on HPHC claims forms. Such forms may be obtained from a Member's Employer Group or by calling HPHC's Member Services Department at **1-888-333-4742**. If you request a claim form from HPHC's Member Services Department, one will be provided to you within 15 days.

Standard health care industry claim forms, known as the CMS 1500 and the UB-04 will also be accepted. Such forms are also available at most Hospitals and Physician's offices. In order to be paid by HPHC, all claims must be filed in writing or electronically. (Providers should contact HPHC for instructions concerning electronic filing.) Claims for services must be submitted to the following addresses:

Claims for Mental Health and Substance Use Disorder Treatment:

Behavioral Health Access Center
P.O. Box 30602

Hot Springs, AR 71903

All Other Claims:

HPHC Claims

B. INFORMATION NEEDED FOR CLAIMS PROCESSING

- The Member's full name and address
- The Member's date of birth

A medical reimbursement form can be obtained online at www.harvardpilgrim.org or by calling the Member Services Department at **1-888-333-4742**.

1. International Claims

If you are requesting reimbursement for services received while outside of the United States, you must submit an HPHC medical reimbursement claim form along with an itemized bill and proof

of payment. We may also require you to provide additional documentation, including, but not limited to: (1) records from financial institutions clearly demonstrating that you have paid for the services that are the subject of the claim; and (2) the source of funds used for payment.

2. Pharmacy Claims

To obtain reimbursement for pharmacy bills you have paid, you must submit a Prescription Claim Form. The form can be obtained online at www.harvardpilgrim.org or by calling the Member Services Department.

In addition to the Prescription Claim Form you must send a drug store receipt showing the items for which reimbursement is requested.

The following information must be on the Prescription Claim Form:

- The Member's name and Plan ID number
- The name of the drug or medical supply
- The quantity
- The number of days supply of the medication provided
- The date the prescription was filled

If you have a question regarding your reimbursement, you should contact the Member Services Department at **1-888-333-4742**.

C. TIME LIMITS ON FILING CLAIMS

To be eligible for payment, we must receive claims within one year of the date care was received, unless the Member can show that due to physical or mental incapacity it was impossible for them or their designee to send the claim in that time.

In accordance with Maine law, we will send you reimbursement within 30 days of receipt of all information needed to process your claims.

Claims will be paid by us consistent with applicable Maine law.

D. PAYMENT LIMITS

We limit the amount we will pay for services that are not rendered by Plan Providers. The maximum amount we will pay for services by Non-Plan Providers will be based on the Allowed Amount. If a service is provided by a Non-Plan Provider, you are responsible for any amount in excess of the Allowed Amount.

The percentage of payment of any claim by HPHC (i.e. the amount payable minus the applicable Deductible, Copayment and Coinsurance amounts, if any) will be based upon the Allowed Amount. The Member is responsible for any expenses incurred that exceed the Allowed Amount for the service received.

 FOR EXAMPLE: If the Allowed Amount is \$1,000 and the applicable Member Cost Sharing for the service is 20% Coinsurance, the maximum amount we will pay is \$800.

Please contact the Member Services Department at **1-888-333-4742** or call **711** for TTY service if you have questions about the Allowed Amount that may be permitted by HPHC for a service provided by a Non-Plan Provider.

E. NOTICE OF CLAIM

The Member is not required to give notice to HPHC prior to the filing of a claim, except for the Prior Approval requirements applicable to certain services. Please see section *I.F. PRIOR APPROVAL* for more information.

F. MISCELLANEOUS CLAIMS PROVISIONS

Benefits will be paid to the Member who received the services for which a claim is made unless such Member is a minor. In such case, benefits will be paid to the parent or custodian with whom the child resides. The Member may authorize HPHC to pay benefits directly to the health care provider whose charge is the basis for the claim.

HPHC will have the right to require that a Member for whom a claim is made be examined by a Physician as often as may be reasonably necessary to determine HPHC's liability for the payment of benefits under this Handbook. HPHC will also have a right, where not prohibited by law, to have an autopsy performed. Any such examination or autopsy will be conducted by a licensed Physician chosen by HPHC and at its expense.

Any payment by HPHC in accordance with the terms of this Handbook will discharge HPHC from all further liability to the extent of such payment.

VI. Appeals and Complaints

This section explains our procedures for processing appeals and complaints and the options available if an appeal is denied.

A. BEFORE YOU FILE AN APPEAL

On occasion, claim denials result from a misunderstanding with a provider or a claim processing error. Since these problems can be easy to resolve, we recommend that Members contact a Member Service Representative before filing an appeal. A Member Service Representative can be reached toll-free at **1-888-333-4742** or call **711** for TTY service. The Member Service Representative will investigate the claim and either resolve the problem or explain why the claim is being denied. If you are dissatisfied with the response of the Member Service Representative, you may file an appeal using the procedures outlined below.

B. OUR MEMBER APPEAL PROCEDURES

If you receive an Adverse Benefit Determination, you may appeal. We have established the following steps to ensure that you receive a timely and fair review of your appeal.

1. Initiating Your Appeal

To initiate your appeal, please mail or fax a letter to us or call us about the coverage you are requesting and why you feel it should be granted. Please be as specific as possible. We need all the important details in order to make a fair decision, including pertinent medical records and itemized bills. A request for informal inquiry or appeal must be filed within 180 days of the date a service, or payment for a service, when denied.

Please send your appeal to the following address:

HPHC Appeals and Grievances Department
1600 Crown Colony Drive
Quincy, MA 02169
Telephone: 1-888-333-4742
Fax: 1-617-509-3085

If you are deaf or hard of hearing or visually impaired, you may request appeal procedure materials in an appropriately accessible format by calling Member Services toll free at **1-888-333-4742** or call **711** for TTY service.

Appeals concerning mental health and substance use disorder treatment should be submitted to:

HPHC Behavioral Health Access Center
c/o United Behavioral Health
Appeals Department
P.O. Box 30512
Salt Lake City, UT 84130-0512
Telephone: 1-888-777-4742
Fax: 1-855-312-1470

When we receive your appeal, we will assign an Appeals and Grievances Analyst to manage your appeal throughout the entire appeal process, including the second-level appeal process described below. We will send you a letter identifying your Appeals and Grievances Analyst within three business days of receiving your appeal. That letter will include detailed information on the first and the second level appeal processes described below, as well as your right to independent external review and your right to contact the Maine Bureau of Insurance. Your Appeals and Grievances Analyst is available to answer any questions you may have about your appeal and the review process.

In addition to the appeals process, we utilize mediation to resolve some coverage disputes. Both the Plan and you must agree to mediation. Your Appeals and Grievances Analyst will inform you if we feel that your appeal is appropriate for mediation.

2. First-Level Appeal Process

Standard Review Procedure: Your Appeals and Grievances Analyst will investigate your appeal, determine if additional information is required and request any needed information from you. Such information may include statements from your doctors, medical records and bills and receipts for services you have received. If your appeal involves a medical determination, an appropriate clinical peer will review it. An independent review will be conducted by clinical peers not involved in the previous decision.

After we receive all the information needed to make a decision, your Appeals and Grievances Analyst will inform you in writing of whether we have approved or denied your appeal. We will review your appeal and send you a written decision within 30 days of receiving your appeal. If we cannot reasonably meet the 30 day time frame due to an inability to obtain necessary information from Non-Plan Providers, we will inform you in writing of the reason for the delay and that we need more time to make a decision.

Expedited Review Procedure: If your appeal involves services which, if delayed, could seriously jeopardize your health or your ability to regain maximum function, please inform us and we will provide an expedited review. We will grant an expedited review to any appeal for services concerning (1) an inpatient admission, (2) availability of care, or (3) continued health care or services for a Member who has received emergency services and has not been discharged from the Hospital where emergency care was provided. You, your representative or your doctor may request an expedited review.

We will investigate and decide expedited appeals as quickly as possible, but in all cases we will respond within 72 hours of the receipt of your appeal. Your help in promptly providing all necessary information is essential for us to provide you with an expedited review. For expedited appeals involving (1) continued emergency services to screen or stabilize a Member, or (2) continued care under an authorized admission or course of treatment, coverage will be continued without liability to the Member until the Member has been notified of the expedited appeal decision. To ensure a timely response, we may inform you of our decision on your expedited appeal by telephone. Following telephone notice, we also will provide you with a written decision within two working days after this phone call.

Adverse Determination of Appeal: If we deny your first-level appeal (standard or expedited) in whole or in part, we will provide you with a written decision that includes: (1) the names, titles and credentials of the reviewers who decided your appeal; (2) a statement of the reviewers' understanding of the issues and all the relevant facts; (3) reference to the specific Plan provisions and evidence or documents upon which the decision is based, including the clinical review criteria used to make the determination; (4) the reviewers' decision and the basis for that decision, including the clinical rationale, if any; (5) a reference to the evidence or documentation used as the basis for the decision; (6) notice of your right to contact the Maine Bureau of Insurance by telephone at **1-800-300-5000** or **1-207-624-8475**, or by mail at 34 State House Station, Augusta, ME 04333 as required by Maine law; (7) a description of the process to obtain a second-level review; and (8) notice of your right to contact the ombudsman, Consumers for Affordable Health Care by telephone at **1-800-965-7476** or by mail at P.O. Box 2490, Augusta, ME 04338-2490.

3. Second-Level Appeal Process

If you are dissatisfied with the decision of the first level appeal process, you may ask that your appeal be reviewed by our review committee. You have a right to attend the meeting to discuss your case with the review committee. Just let your Appeals and Grievances Analyst know if you wish to attend. Please be advised that an attorney representative from the health plan will be present and you have the right to obtain your own legal representation. You may also participate in the meeting by telephone if you wish. We will hold a review meeting within 45 days after receiving your request for a second-level appeal. You will be notified in writing at least 15 days in advance of the review meeting. You may submit supporting materials before and at the review meeting. You also may be represented by someone at the review meeting. You may also obtain your medical file and information relevant to the appeal free of charge upon request. The decision of the review committee will be sent to you in writing within 5 working days of the meeting. The decision of the review committee is the final decision, subject to any right to external review as discussed below.

If you elect not to attend the review committee meeting in person or participate by telephone, you will be provided with a written response to your appeal within 30 calendar days of your request for a second-level appeal.

If we deny your second-level appeal in whole or in part, we will provide you with a written decision that includes: (1) the names, titles credentials of the reviewers who decided your appeal; (2) a statement of the reviewers' understanding of the issues and all the relevant facts; (3) reference to the specific Plan provisions and evidence or documents upon which the decision is based, including the clinical review criteria used to make the determination; (4) the reviewers' decision and the basis for that decision, including the clinical rationale, if any; (5) a reference to the evidence or documentation used as the basis for the decision; (6) notice of your right to contact the Maine Bureau of Insurance by telephone at **1-800-300-5000** or **1-207-624-8475**. or by mail at 34 State House Station, Augusta, ME 04333 as required by Maine law; (7) a description of the process to request an external review of your appeal as discussed below; and (8) notice of your right to contact the ombudsman, Consumer for Affordable Health Care by telephone at **1-800-965-7476** or by mail at P.O. Box 2490, Augusta, ME 04338-2490.

You may waive your right to a second level appeal. You have the right to instead request an external review after the first level appeal decision.

C. INDEPENDENT EXTERNAL REVIEW OF APPEALS

Appeal decisions involving an Adverse Health Care Treatment Decision by the Plan are eligible for review by an independent review organization designated by the Maine Bureau of Insurance. In most cases you are required to complete our first and second-level appeals process to be eligible for external review. However, this requirement does not apply if (1) Harvard Pilgrim has failed to make a decision on your first or second level appeal in the time frames noted above; (2) you and the Plan mutually agree to bypass the member appeals process; (3) your life or health is in jeopardy; (4) the Member for whom external review is requested has died; or (5) Adverse Health Care Treatment Decision to be reviewed concerns an admission, availability of care, a continued stay or health care services when the Member has received emergency services but has not been discharged from the facility that provided the emergency services.

External review of Adverse Health Care Treatment Decisions for Experimental, Unproven or Investigational treatments or services have at least all of the protections that are available for external reviews based on Medical Necessity, appropriateness, health care setting, level of care, or effectiveness of a Covered Benefit.

Requests for external review must be in writing to the Maine Bureau of Insurance at 34 State House Station, Augusta, ME 04333 and must be made within 12 months of our final denial of Covered Benefits prior to the initiation of the appeals process. You also may name someone you trust to file an appeal for you. However, you must give that person written permission to do so.

The review organization designated by the Maine Bureau of Insurance will consider all relevant clinical information submitted by you and us. In addition, the review organization will consider any concerns you express about your health status. You have the right to attend the external review meeting at which time you may ask questions of our representative present at the meeting. You also are entitled to obtain information relating to the adverse decision under review. You may use outside assistance for the external review process. This assistance is your own financial responsibility.

The external review decision will be made as quickly as required by the medical condition at issue. If the

appeal relates to a serious medical condition and delay would jeopardize the Member's life health or ability to regain maximum function, the external review decision will be made within 72 hours of receipt of completed request. All other decisions will be made within at least 30 days of a completed request for external review. You will receive a written decision from the review organization. We will pay the fees of the independent review organization for conducting the review. If the independent review organization decides in your favor, we will cover the services approved.

E. INCONTESTABILITY

Any statement made by the Employer Group or a Member in applying for insurance under this Plan, other than a fraudulent misstatement, will be

THE PPO PLAN - MAINE

considered a representation and not a warranty. No such statement will be used to contest a claim for benefits under this Plan unless the statement is in writing and a copy is or has been furnished to the Member.

No such statement will be used in contesting the validity of a Member's coverage under this Plan once such coverage has been in effect for two years during the Member's lifetime.

VII. Eligibility

Important Notice: Your membership in the Plan is effective on the date of enrollment by your Employer Group. Because your employer may notify Harvard Pilgrim of enrollment changes retroactively, we may not have current information concerning membership status. Only your Employer Group can confirm membership status.

This section describes requirements concerning eligibility under the Plan. It is important to understand that eligibility of Dependents and effective dates of coverage are determined by the Employer Group.

Eligible Subscribers and Dependents can enroll in a plan, or change their existing plan, during their annual open enrollment period. Please contact your Employer Group to determine the dates of your open enrollment.

A. ELIGIBILITY

1. Subscriber Eligibility

To be a Subscriber under this Plan, you must:

- 1) Be an employee of an Employer Group, in accordance with employee eligibility guidelines agreed to by the Employer Group and us;
- 2) Be enrolled through an Employer Group that is up-to-date in the payment of the applicable premium for coverage.

The Plan has the right to examine an Employer Group's records, including payroll records, to verify eligibility and premium payments.

2. Dependent Eligibility

Unless an Employer has elected different types of coverage for Dependents, a Dependent must meet one of the requirements for coverage listed below to be eligible for coverage under the Plan. Please note that Employers may elect different coverage for Dependents and different ages for the termination of Dependents to the extent allowed by law. Please consult your Employer Group's Benefits Office to determine the specific Dependent eligibility requirements that apply to your Plan. The eligibility requirements are as follows.

To be eligible as a Dependent, an individual must be one of the following:

- 1) The legal spouse of the Subscriber, including a domestic partner.

- 2) A child (including an adopted child or stepchild) of the Subscriber or spouse of the Subscriber until the end of the month in which the child turns 26.
- 3) A child (including an adopted child or stepchild) of the Subscriber or spouse of the Subscriber, age 26* years or older who meets each of the following requirements: (a) is currently Disabled; (b) was Disabled on his or her 26th birthday; and (c) lives either with the Subscriber or spouse or in a licensed institution. The term "Disabled" means unable to engage in any substantial gainful activity by reason of a specific medically determinable physical or mental impairment which can be expected to last, or has lasted, for at least 12 months or result in death.
- 4) A child under the age of 19* years for whom the Subscriber or Subscriber's spouse is the court appointed legal guardian. Proof of guardianship must be submitted to HPHC prior to enrollment.
- 5) The child of an eligible Dependent of the Subscriber until such time as the parent is no longer a Dependent.

Reasonable evidence of eligibility may be required from time to time.

* Age requirements shown are minimum, option will only be offered to adjust upward.

B. EFFECTIVE DATE - NEW DEPENDENTS AND EXISTING DEPENDENTS

Please see your Employer Group's Benefit Administrator for information on enrollment and effective dates of coverage. Please also see section VII.F. SPECIAL ENROLLMENT RIGHTS.

C. EFFECTIVE DATE - ADOPTIVE DEPENDENTS

An adoptive child who has been living with you, and for whom you have been receiving foster care payments, may be covered from the date the child is placed for adoption with you or your spouse. "Placed for adoption" means the assumption and retention of a legal obligation for the total or partial support of a child in anticipation of adoption of the child. If the

legal obligation ceases to exist, the child is no longer considered placed for adoption.

D. CHANGE IN STATUS

It is your responsibility to inform your Employer Group and HPHC of all changes that affect Member eligibility. These changes include: address changes; marriage of a Dependent; and death of a Member.

Please Note: We must have your current address on file in order to correctly process claims for Out-of-Network care.

E. ADDING A DEPENDENT

To add a new dependent to your Plan, please contact your Employer's human resources or benefits department. If you already have family coverage, you may also call our Member Services Department at **1-888-333-4742** to add a newborn or newly adopted child.

Dependents of eligible employees who meet the eligibility guidelines described in this Handbook and the Employer Agreement will be enrolled in the Plan using HPHC enrollment forms or in a manner otherwise agreed to in writing by the Plan and the Member's Employer Group. HPHC must receive proper notice from the Employer Group of any Member enrollment in, or termination from, the Plan no more than 60 days after such change is to be effective unless otherwise required by law. Please see your Employer Group for information on Dependent eligibility and effective dates of coverage.

F. SPECIAL ENROLLMENT RIGHTS

If an employee declines enrollment for the employee and his or her Dependents (including his or her spouse) because of other health insurance coverage, the employee may be able to enroll himself or herself, along with his or her Dependents in this Plan if the employee or his or her Dependents lose eligibility for that other coverage (or if the employer stops contributing toward the employee's or Dependents' other coverage). However, enrollment must be requested within 30 days after the other coverage ends (or after the employer stops contributing toward the employee's or Dependents' other coverage). In addition, if an employee has a new Dependent as a result of marriage, birth, adoption or placement for adoption, or if a court order is issued changing custody of a child, the employee may be able to enroll along with his or her Dependents. However, enrollment must be requested within 30 days after the marriage,

birth, adoption or placement for adoption, or court order changing custody of a child.

Special enrollment rights may also apply to persons who lose coverage under Medicaid or the Children's Health Insurance Program (CHIP) or become eligible for state premium assistance under Medicaid or CHIP. An employee or Dependent who loses coverage under Medicaid or CHIP as a result of the loss of Medicaid or CHIP eligibility may be able to enroll in this Plan, if enrollment is requested within 60 days after Medicaid or CHIP coverage ends. An employee or Dependent who becomes eligible for group health plan premium assistance under Medicaid or CHIP may be able to enroll in this Plan if enrollment is requested within 60 days after the employee or Dependent is determined to be eligible for such premium assistance.

G. NEWBORN COVERAGE

Coverage for a newborn child is effective from the moment of birth for up to 31 days. Coverage includes the Covered Benefits in this Handbook, including Medical Emergency services and the necessary care and treatment of medically diagnosed congenital defects and birth abnormalities. No coverage is provided after the 31-day period, unless the Subscriber obtains Family Coverage within 60 days of the date of birth.

Please Note: Generally newborn coverage is bundled with the mother's maternity coverage. When the mother is not an HPHC member, HPHC needs to be put on notice of delivery in order to manage the newborn's care. HPHC recognizes that coverage under the terms of this Handbook must be provided for the first 31 days of life regardless of whether the newborn is enrolled.

H. HOW YOU'RE COVERED IF MEMBERSHIP BEGINS WHILE YOU'RE HOSPITALIZED

If your membership happens to begin while you are hospitalized, coverage starts on the day membership is effective. Please see your Employer Group's benefits administrator for information on enrollment and effective date of coverage. All other terms and conditions of coverage under this Handbook will apply.

For In-Network coverage, you must be hospitalized in an In-Network Hospital.

If you are hospitalized at an Out-of-Network Hospital, you must notify HPHC by calling **1-800-708-4414** for medical services. For all mental health and substance

use disorder treatment please call **1-888-777-4742**. Please see section *I.F. PRIOR APPROVAL* for more information.

I. PARENTAL NOTIFICATION

If the Member is a parent of a Dependent child, the Member may request that we provide:

1. An explanation of the payment or denial of any claim filed on behalf of the Dependent child, except to the extent that the Dependent child has the right to withhold consent and does not affirmatively consent to notifying the parent;
2. An explanation of any proposed change in the terms of the Plan; and
3. Reasonable notice that the Plan may lapse, but only if the Member has provided us with the address where notice should be delivered. The Member may also provide us with information about a claim relating to the Member's Dependent child so that we may process the claim.

The Member may also provide us with information about a claim relating to the Member's Dependent child so that we may process the claim.

VIII. Termination and Transfer to Other Coverage

Important Notice: We may not have current information concerning membership status. Employer Groups may notify us of enrollment changes retroactively. As a result, the information we have may not be current. Only your Employer Group can confirm membership status.

B. TERMINATION FOR LOSS OF ELIGIBILITY

The Member's coverage may end under this Plan for failing to meet any of the specified eligibility requirements.

You will be notified in writing if coverage ends for loss of eligibility.

You may be eligible for continued enrollment under federal or state law, if your membership is terminated. See "Continuation of Employer Group Coverage" in this Section for more information.

PLEASE NOTE: HPHC may not have current information concerning membership status. Employer Groups have up to 60 days to notify us of enrollment changes. As a result, the information we have may not be current. Only your Employer Group can confirm membership status.

C. TERMINATION FOR NON-PAYMENT BY THE EMPLOYER GROUP

A Member's coverage will end under this Plan if the Employer Group contract through which the Member receives coverage is terminated for non-payment. A 30-day grace period exists under the Employer Group contract during which time your coverage continues in force. We will notify you in writing if your coverage is terminated due to your Employer Group failing to pay its premium.

You may be eligible for continued enrollment under federal or state law, if your membership is terminated. See "Continuation of Employer Group Coverage" in this Section for more information.

D. TERMINATION FOR CAUSE

We may end a Member's coverage for any of the following causes:

- Misrepresentation of a material fact on an application for membership;
- Committing or attempting to commit fraud to obtain benefits for which the Member is not eligible under this Handbook; or
- Obtaining or attempting to obtain benefits under this Handbook for a person who is not a Member.

Termination of membership for misrepresentation or fraud to the Plan may go back to the Member's effective date or the date of the misrepresentation or fraud as determined by the Plan. It is a crime to knowingly provide false, incomplete, or misleading information to an insurance company for the purpose of defrauding the company. Termination of membership for the other causes will be effective thirty (30) days after notice. Premium paid for periods after the effective date of termination will be refunded.

E. TERMINATIONS FOR OTHER REASONS

HPHC may also end a Member's coverage under the Plan for any of the following other reasons:

- If HPHC elects to discontinue this Plan or type of coverage in one or more markets in Maine, on ninety (90) days notice, in accordance with the requirements of Maine law. .
- If HPHC elects to discontinue all coverage, including under this Plan, for one or more markets in Maine, on one hundred eighty (180) days notice, in accordance with the requirements of Maine law.
- The termination or non-renewal of the Employer Agreement under which the Member is enrolled in the Plan.

F. CONTINUATION OF EMPLOYER GROUP COVERAGE REQUIRED BY LAW

1. Maine Law

Continuation of coverage under state law may be available if you lose eligibility for membership. You should contact your Employer Group for more information if membership ends due to:

THE PPO PLAN - MAINE

- Layoff
- Loss of employment because of an injury or disease for which you claim Workers' Compensation.

2. Federal Law

If you lose Employer Group eligibility, you may be eligible for continuation of group coverage under the federal law known as the Consolidated Omnibus Budget Reconciliation Act (COBRA). You should contact your Employer Group for more information if health coverage ends due to 1) separation from employment; 2) reduction of work hours; or 3) loss of dependency status. Continuation of coverage may not be extended beyond the applicable time allowed under federal law.

You may select either your continuation of coverage rights under state or federal law.

G. INDIVIDUAL COVERAGE

We offer individual health plans for Maine, New Hampshire and Massachusetts residents. Coverage purchased on an individual basis may differ from the coverage under your previous Plan. Individuals may enroll only in a plan offered in the state of their residence and must satisfy all eligibility guidelines. Your state of residence will have specific rules about eligibility and coverage.

H. EXTENSION OF BENEFITS UPON DISCONTINUATION OF EMPLOYER GROUP COVERAGE

If your Employer Group discontinues your Plan coverage and you are totally disabled on the date the discontinuation takes place your benefits will be extended for the condition relating to your disability, unless you are covered under replacement coverage from your Employer Group.

Your benefits will be extended as follows:

Benefits under this Evidence of Coverage will be continued for the treatment of the impairment causing the disability until:

- a) treatment is no longer Medically Necessary; or
- b) the expiration of six months, whichever comes first.

For purposes of this section the term "totally disabled" means for a Member who was gainfully employed prior to disability, the inability to engage in any gainful occupation for which he or she is suited by training, education and experience, or for a Member who was not gainfully employed prior to disability, the inability to engage in most normal activities of a person of like age in good health.

For the purposes of this extension of benefits, all of the terms, conditions and limitation of coverage under this Handbook shall apply except that no premium shall be charged. In the event you are covered under replacement coverage, your new coverage will be the primary payer and your replaced coverage will be the secondary payer.

After discontinuation of the group policy, HPHC is liable for: (1) accrued liabilities and (2) extensions of benefits for persons who are totally disabled upon discontinuation of the Plan. If your employer group obtained replacement coverage, such replacement coverage will pay as primary coverage and HPHC will pay as secondary coverage for the Covered Benefits relating to the total disability.

I. REINSTATEMENT

A Member's coverage will not be reinstated automatically if it is terminated. Reapplication is necessary. Notwithstanding the foregoing, you have the right to (1) designate a third party to receive notice of cancellation; (2) change the designation; and (3) be reinstated if you suffer from cognitive impairment or functional incapacity and the ground for cancellation was for nonpayment of premium or other lapse or default on your part pursuant to Maine law. If you suffer from cognitive impairment or functional incapacity, you may designate someone to receive notice of cancellation with a "Third Party Notice Request Form." This form will be sent to you within 10 days of your request. Notice will be provided to you or the designee 10 days prior to cancellation.

IX. When You Have Other Coverage

This section explains how benefits under the Plan will be paid when another company or individual is also responsible for payment for health services a Member has received. This can happen when there is other insurance available to pay for health services, in addition to that provided by the Plan. It can also happen when a third party is legally responsible for an injury or illness suffered by a Member.

Nothing in this section should be interpreted as providing coverage for any service or supply that is not expressly covered under the Handbook, Schedule of Benefits and Prescription Drug Brochure (if applicable) or to increase the level of coverage provided.

A. BENEFITS IN THE EVENT OF OTHER INSURANCE

Benefits under this Handbook, Schedule of Benefits, and Prescription Drug Brochure will be coordinated to the extent permitted by law with other plans covering health benefits, including: motor vehicle insurance, medical payment policies, homeowners' insurance, governmental benefits (including Medicare), and all Health Benefit Plans. The term "Health Benefit Plan" means all group HMO and other group prepaid health plans, medical or Hospital service corporation plans, commercial health insurance and self-insured health plans. There is no coordination of benefits with Medicaid plans or with Hospital indemnity benefits.

Coordination of benefits will be based upon the Allowed Amount for any service that is covered at least in part by any of the plans involved. If benefits are provided in the form of services, or if a provider of services is paid under a capitation arrangement, the reasonable value of these services will be used as the basis for coordination. No duplication in coverage of services will occur among plans.

When a Member is covered by two or more Health Benefit Plans, one will be "primary" and the other plan (or plans) will be secondary. The benefits of the primary plan are determined before those of secondary plan(s) and without considering the benefits of secondary plan(s). The benefits of secondary plan(s) are determined after those of the primary plan and may be reduced because of the primary plan's benefits.

In the case of Health Benefit Plans that contain provisions for the coordination of benefits, the following rules will determine which health benefit plans are primary or secondary:

1. Employee/Dependent

The benefits of the plan that covers the person as an employee, Member or Subscriber are determined before those of the plan that covers the person as a dependent.

2. Dependent Children

i. A Dependent Child Whose Parents Are Not Separated or Divorced

The order of benefits is determined as follows:

- 1) The benefits of the plan of the parent whose birthday falls earlier in a year are determined before those of the plan of the parent whose birthday falls later in that year; but,
- 2) If both parents have the same birthday, the benefits of the plan that covered the parent longer are determined before those of the plan that covered the other parent for a shorter period of time;
- 3) However, if the other plan does not have the rule described in (1) above, but instead has a rule based upon the gender of the parent, and if, as a result, the plans do not agree on the order of benefits, the other plan will determine the order of benefits.

ii. Dependent Child/Separated or Divorced Parents

Unless a court order, of which HPHC has knowledge of, specifies one of the parents as responsible for the health care benefits of the child, the order of benefits is determined as follows:

- 1) First the plan of the parent with custody of the child;
- 2) Then, the plan of the spouse of the parent with custody of the child;
- 3) Finally, the plan of the parent not having custody of the child.

3. Active Employee or Retired or Laid-Off Employee

The benefits of a plan that covers the person as an active employee or as a dependent of an active employee are determined before those of the plan that covers the person as an individual who is retired or laid off or as a dependent of an individual who is retired or laid off.

4. COBRA or State Continuation

The benefits of a plan that covers the person as an employee, member, subscriber or retiree, or as a

dependent thereof, are determined before those of the plan that covers the person as an individual under COBRA or other right to continuation of coverage under state or federal law.

5. Longer/Shorter Length of Coverage

If none of the above rules determines the order of benefits, the benefits of the plan that covered the employee, Member or Subscriber longer are determined before those of the plan that covered that person for the shorter time.

If you are covered by a health benefit plan that does not have provisions governing the coordination of benefits between plans, that plan will be the primary plan.

B. PAYMENT WHEN HPHC COVERAGE IS PRIMARY OR SECONDARY

When HPHC is primary, HPHC is responsible for processing and paying claims for Covered Benefits first. Coverage will be provided to the full extent of benefits available under this Handbook, Schedule of Benefits and Prescription Drug Brochure.

When HPHC is secondary, HPHC is responsible for processing claims for Covered Benefits after the primary plan has been issued a benefit determination. HPHC will first review the primary plan's benefit determination. HPHC will then pay or provide Covered Benefits as the secondary payor. HPHC's benefits will be reduced so that the total amount paid by all plans for a Covered Benefit will not exceed the amount payable under this Handbook. HPHC may recover any payments made for services in excess of HPHC's liability as the secondary plan, either before or after payment by the primary plan.

When a Member is covered under more than one expense-incurred health plan, payments made by the primary plan, payments made by the Member and payments made from a health savings account or similar fund for benefits covered under the secondary plan will be credited toward the deductible of the secondary plan, except where the secondary plan is designed to supplement the primary plan.

C. WORKER'S COMPENSATION/GOVERNMENT PROGRAMS

If HPHC has information indicating that services provided to you are covered under Worker's Compensation, employer's liability or other program of similar purpose, or by a federal, state or other government agency, HPHC may suspend payment for such services until a determination is made whether

payment will be made by such program, unless a notice of controversy has been filed with the Workers' Compensation Board contesting the work-relatedness of the claimant's condition and no decision has been made by the Board. If HPHC provides or pays for services for an illness or injury covered under Worker's Compensation, Employer's liability or other program of similar purpose, or by a federal, state or other government agency, HPHC will be entitled to recovery of its expenses from the provider of services or the party or parties legally obligated to pay for such services.

D. SUBROGATION AND REIMBURSEMENT

Subrogation is a means by which HPHC and other health plans recover expenses of services where a third party is legally responsible for a Member's injury or illness.

If another person or entity is, or may be, liable to pay for services related to a Member's illness or injury, which have been paid for or provided by HPHC, HPHC will be subrogated and succeed to all rights of the Member to recover against such person or entity 100% of the value of the services paid for or provided by the Plan, subject to the provisions of the following paragraph. HPHC will have the right to seek such recovery from, among others, the person or entity that caused the injury or illness, his/her liability carrier, excluding casualty insurance, or the Member's own auto insurance carrier, in cases of uninsured or underinsured motorist coverage. HPHC's recovery will be made from any recovery the Member receives from an insurance company or any third party, subject to the provisions of the following paragraph. HPHC will also be entitled to recover from a Member 100% of the value of services provided or paid for by HPHC when a Member has been, or could be, reimbursed for the cost of care by another party, subject to the provisions of the following paragraph. The subrogation and recovery provisions in this section apply whether or not the Member recovering money is a minor.

All subrogation payments made under this Section shall be made on a just and equitable basis. A just and equitable basis means that any factors that diminish the potential value of the enrollee's claim may likewise reduce the share in the claim for those claiming payment for services or reimbursement. Such factors include, but are not limited to:

1. Legal defenses. Questions of liability and comparative negligence or other legal defenses;

2. Exigencies of trial. Exigencies of trial that reduce a settlement or award in order to resolve the claim; and
3. Limits of coverage. Limits on the amount of applicable insurance coverage that reduce the claim to an amount recoverable by the insured.

In the event of a dispute as to the application of any such provision or the amount available for payment to those claiming payment for services or reimbursement, that dispute must be determined, if the action is pending, before the court in which it is pending; or if no action is pending, by filing an action in any court for determination of the dispute.

To enforce its subrogation rights under this Handbook, HPHC will have the right to take legal action, with or without the Member's consent, against any party to secure recovery of the value of services provided or paid for by HPHC for which such party is, or may be, liable. By signing your enrollment form requesting coverage under the Plan, you have authorized HPHC's right of subrogation.

E. MEDICAL PAYMENT POLICIES

For Members who are entitled to benefits under the medical payment benefit of a motor vehicle, motorcycle, boat, homeowners, hotel, restaurant or other insurance policy, HPHC has the right to coordinate with other insurance carriers under its subrogation rights. The benefits under this Handbook shall not duplicate any benefits to which the Member is entitled under any medical payment policy or benefit. All sums payable for services provided under this Handbook to Members that are covered under any medical payment policy or benefit are payable to HPHC.

F. MEMBER COOPERATION

You agree to cooperate with HPHC in exercising its rights of subrogation and coordination of benefits under this Handbook. Such cooperation will include, but not be limited to, a) the provision of all information and documents requested by HPHC, b) the execution of any instruments deemed necessary by HPHC to protect its rights, c) the prompt assignment to HPHC of any monies received for services provided or paid for by HPHC, and d) the prompt notification to HPHC of any instances that may give rise to HPHC's rights. You further agree to do nothing to prejudice or interfere with HPHC's rights to subrogation or coordination of benefits.

G. HPHC'S RIGHTS

Nothing in this Handbook shall be construed to limit HPHC's right to utilize any remedy provided by law to enforce its rights to subrogation or coordination of benefits under this agreement.

H. MEMBERS ENROLLED IN MEDICARE

When a Member is enrolled in Medicare and receives Covered Benefits that are eligible for coverage by Medicare as the primary payor, the claim must be submitted to Medicare before payment by HPHC. HPHC will be liable for any amount eligible for coverage that is not paid by Medicare. The Member shall take such action as is required to assure payment by Medicare, including presenting his or her Medicare card at the time of service.

For a Member who is eligible for Medicare by reason of End Stage Renal Disease, HPHC will be the primary payor for Covered Benefits during the "coordination period" specified by federal regulations at 42 CFR Section 411.162. Thereafter, Medicare will be the primary payor. When Medicare is primary, HPHC will pay for services only to the extent payments would exceed what would be payable by Medicare.

X. Plan Provisions and Responsibilities

A. LIMITATION ON LEGAL ACTIONS

Any legal action against HPHC for failing to provide Covered Benefits must be brought within two years of the initial denial of any benefit.

B. ACCESS TO INFORMATION

You agree that, except where restricted by law, we may have access to (1) all health records and medical data from health care providers providing services covered under this Handbook and (2) information concerning health coverage or claims from all providers of motor vehicle insurance, medical payment policies, homeowners' insurance and all types of health benefit plans. We will comply with all laws restricting access to special types of medical information including, but not limited to, HIV test data, and substance use disorder treatment and mental health care records.

We will not disclose to other third parties, such as employers, member-specific information (i.e. information from which you are personally identifiable) without your specific consent unless permitted by law or as necessary to accomplish the types of activities described above.

In accordance with applicable law, we, and all of our contracted health care providers, agree to provide Members access to, and a copy of, their medical records upon a Member's request. E. MODIFICATION OF THIS HANDBOOK

This Benefit Handbook, Schedule of Benefits, Prescription Drug Brochure and applicable riders, may be amended by us upon sixty (60) days written notice to your Employer Group. Amendments do not require the consent of Members.

This Benefit Handbook, the Schedule of Benefits, Prescription Drug Brochure, applicable riders and amendments comprise the entire contract between you and the Plan. The responsibilities of HPHC to the Member are only as stated in those documents. They can only be modified in writing by an authorized officer of the Plan. No other action by us, including the deliberate non-enforcement of any benefit limit shall be deemed to waive or alter any part of these documents.

F. OUR RELATIONSHIP WITH PLAN PROVIDERS

Our relationship with Plan Providers is governed by separate agreements. They are independent contractors. Such Providers may not modify this Handbook or Schedule of Benefits, Prescription Drug Brochure, and any applicable riders, or create any obligation for HPHC. We are not liable for statements about this Handbook by them, their employees or agents. We may change our arrangements with service Providers, including the addition or removal of Providers, without notice to Members.

G. WELLNESS INCENTIVES

As a Member of the Plan, you may be able to receive incentives for participation in wellness and health improvement programs. HPHC may provide incentives, including reimbursement for certain fees that you pay for when participating in fitness or weight loss programs. The award of incentives is not

contingent upon the outcome of the wellness or health improvement program. Please visit our website at www.harvardpilgrim.org for more information or see your Schedule of Benefits or other Plan documents for the amount of incentives, if any, available under your Plan. For tax information, please consult with your employer or tax advisor.

H. IN THE EVENT OF A MAJOR DISASTER

We will try to provide or arrange for services in the case of a major disaster. This might include war, riot, epidemic, public emergency, or natural disaster. Other causes include the partial or complete destruction of our facility(ies) or the disability of service providers. If we cannot provide or arrange services due to a major disaster, we are not responsible for the costs or outcome of this inability.

I. EVALUATION OF NEW TECHNOLOGY

We have a dedicated team of staff that evaluates new diagnostics, testing, interventional treatment, therapeutics, medical/behavioral therapies, surgical procedures, medical devices and drugs as well as ones with new applications. The team manages the evidence-based evaluation process from initial inquiry to final policy recommendation in order to determine whether it is an accepted standard of care or if the status is Experimental, Unproven or Investigational. The team researches the safety and effectiveness of these new technologies by reviewing published peer reviewed medical reports and literature, consulting with expert practitioners, and benchmarking. The team presents its recommendations to internal policy committees responsible for making decisions regarding coverage of the new technology under the Plan. The evaluation process includes:

- Determination of the FDA approval status of the device/product/drug in question,
- Review of relevant clinical literature, and
- Consultation with actively practicing specialty care providers to determine current standards of practice.

The team presents its recommendations to internal policy committees responsible for making decisions regarding coverage of the new technology under the Plan.

J. GOVERNING LAW

This Evidence of Coverage is governed by Maine law.

K. UTILIZATION REVIEW PROCEDURES

We use the following utilization review procedures to evaluate the medical necessity of selected health care services using clinical criteria and to facilitate clinically appropriate, cost-effective management of your care. This process applies to guidelines for both physical and mental health services.

- **Prospective Utilization Review (Prior Approval).** We review selected inpatient admissions, surgical day care, outpatient/ambulatory procedures, and Medical Drugs prior to the provision of such services to determine whether they meet clinical criteria for coverage. Please see section *I.F. PRIOR APPROVAL* for further information on HPHC's Prior Approval requirements, including procedures for which Prior Approval is required. Prior Approval determinations will be made within 72 hours or two working days, whichever is less, after obtaining all necessary information. In the case of a determination to approve an admission, procedure or service, we will give notice via the HPHC provider portal within 24 hours of the decision and will send written confirmation to you and the provider within 72 hours or two working days, whichever is less. If a determination is not made within 72 hours, the request for Prior Approval is granted. In the case of a determination to deny or reduce benefits ("an adverse determination"), we will notify the provider rendering the service by telephone within 24 hours of the decision and will send a written or electronic confirmation of the telephone notification to you and the provider within one working day thereafter. In the case of an urgent care determination not involving concurrent review, we will notify you of a decision within 48 hours after receiving all necessary information.

Special rules apply to any request for a drug in exigent circumstances. An exigent circumstance exists when:

- a. A Member is suffering from a health condition that could seriously jeopardize the life or health of the Member or the ability of the Member to regain maximum function; or
- b. A Member is undergoing a current course of treatment with a non-formulary drug.

HPHC will make a prospective review decision for a medical service that meets criteria a. or b., above, as soon as possible, but not later than 24

hours after receiving the information necessary to make a decision.

- **Concurrent Utilization Review.** We review selected ongoing admissions to inpatient Hospitals, rehabilitation Hospitals, including acute care Hospitals, skilled nursing facilities and skilled home health services to assure that services being provided meet clinical criteria for coverage. Concurrent review decisions will be made within one working day of obtaining all necessary information. In the case of a determination to approve additional services or an adverse determination, we will notify the provider rendering the service by telephone within 24 hours of the decision. We will send a written or electronic confirmation of the telephone notification to you and the provider within one working day. In the case of ongoing services, coverage will be continued without liability to you until you have been notified of an adverse determination.

Active case management and discharge planning is incorporated as part of the concurrent review process and may also be provided upon the request of your Provider.

The same rules apply to concurrent review of exigent circumstances as described above under "Prospective Utilization Review (Prior Approval)."

- **Retrospective Utilization Review.** Retrospective utilization review may be used in circumstances where services were provided before authorization was obtained. This will include the review of emergency medical admissions for appropriateness of level of care. Retrospective utilization review decisions will be made within 30 days after obtaining all information. In the case of an adverse determination involving clinical review, you will receive written notification that cites the specific rationale upon which the decision was made and includes information about the appeals process and the right to request in writing copies of any clinical utilization review criteria applied in a denial of coverage decision.

If you wish to determine the status or outcome of a clinical review decision you may call the Member Services Department toll free at **1-888-333-4742**. For information about decisions concerning mental health and substance use disorder treatment, you may call the Behavioral Health Access Center at **1-888-777-4742**.

In the event of an Adverse Health Care Treatment Decision involving clinical review, your treating

provider may discuss your case with a Physician reviewer or may seek reconsideration from us. The reconsideration will take place within one working day of your provider's request. If the adverse determination is not reversed on reconsideration you may appeal. Your appeal rights are described in the *VI. Appeals and Complaints* section. Your right to appeal does not depend on whether or not your provider sought reconsideration.

L. QUALITY ASSURANCE PROGRAMS

The goal of our quality program is to ensure the provision of consistently excellent health care, health information and service to our Members, enabling them to maintain and improve their physical and behavioral health and well-being. Some components of the quality program are directed to all Members and others address specific medical issues and providers.

Examples of quality activities in place for all Members include a systematic review and re-review of the credentials of Plan Providers and contracted facilities, as well as the development and dissemination of clinical standards and guidelines in areas such as preventive care, medical records, appointment access, confidentiality, and the appropriate use of drug therapies and new medical technologies.

Activities affecting specific medical issues and providers include disease management programs for those with chronic diseases like asthma, diabetes and congestive heart failure, and the investigation and resolution of quality-of-care complaints registered by individual Members.

M. PROCEDURES USED TO EVALUATE EXPERIMENTAL/INVESTIGATIONAL DRUGS, DEVICES, OR TREATMENTS

We use a standardized process to evaluate inquiries and requests for coverage received from internal and/or external sources, and/or identified through authorization or payment inquiries. The evaluation process includes:

- Determination of the FDA approval status of the device/product/drug in question,
- Review of relevant clinical literature, and
- Consultation with actively practicing specialty care providers to determine current standards of practice.

Decisions are formulated into recommendations for changes in policy, and forwarded to our management for review and final implementation decisions.

N. PROCESS TO DEVELOP CLINICAL GUIDELINES AND UTILIZATION REVIEW CRITERIA

We use clinical review criteria and guidelines to make fair and consistent utilization management decisions. Criteria and guidelines are developed in accordance with standards established by The National Committee for Quality Assurance (NCQA), and reviewed (and revised, if needed) at least biennially, or more often if needed to accommodate current standards of practice. This process applies to clinical criteria for both physical and mental health services.

For example, we use the nationally recognized InterQual criteria to review elective surgical day procedures, and services provided in acute care Hospitals. InterQual criteria are developed through the evaluation of current national standards of medical practice with input from Physicians and clinicians in medical academia and all areas of active clinical practice. InterQual criteria are reviewed and revised annually.

Criteria and guidelines used to review other services are also developed with input from Physicians and other clinicians with expertise in the relevant clinical area. The development process includes review of relevant clinical literature and local standards of practice.

O. NEW TO MARKET DRUGS

New prescription drugs that are introduced into the market are reviewed by the Plan prior to coverage to ensure that the drug is safe and effective. New to market drugs will be reviewed by Harvard Pilgrim's Medical Policy Department or Pharmacy Services Department and New Technology Assessment Committee along with the Pharmacy and Therapeutics Committee within the first 180 days of their introduction to the market. If the new to market drug is covered by the Plan, Prior Authorization and coverage limitations may apply.

Please Note: Not all Plans provide coverage for outpatient prescription drugs through Harvard Pilgrim. If your Plan does not provide coverage for outpatient prescription drugs through Harvard Pilgrim, coverage under this benefit handbook is limited to Medical Drugs. If your Plan provides coverage for outpatient prescription drugs through Harvard Pilgrim, please refer to your prescription drug brochure for additional information.

P. PAYMENT RECOVERY

If we determine that benefit payments under the Plan were made erroneously, we reserve the right to (1) seek recovery of such payments from the Provider or Member to whom the payments were made, and (2) offset subsequent benefit payments to a Provider (regardless of payment source) or Member by the amount of any such overpayment.
