Virtual Knit n' Stitch – Love to knit, crochet, sew, felt, cross stitch?

Tired of crafting alone? Started a project years ago that you never finished? Always wanted to try something new, but never had the time? Well, we all have time now! And why not try something in the supportive (virtual) environment of a group of crafter's who have all tried and failed, and tried, and tried, and tried again?

This virtual fiber arts group is a *social hour* where crafters can get together and discuss projects, techniques, and their love of the arts over a Zoom group for half an hour every Tuesday at 9:30am.

Make some tea, grab a seltzer, bring some snacks, and join Jen Paulus MSW student, knitter of 9 years, needle point enthusiast, sewing beginner!

Begins Tuesday, 3/31, at 9:30 AM., and will run weekly until the COVID-19 crisis is over. Zoom info will be emailed to registrants each Monday.

To register and for questions – Contact Kelly Abrams at kabrams@une.edu.
